

The Search for the Radio Signal of Ma Bagavathy* / Ma Durga For healing the entire Universe

By

Dr Prabhu Britto Albert

editor@ijbst.org

Presented to:

Their Excellencies Shri @NarendraModi Bhai @PMOIndia & Shri @AmitShah Bhai @HMOIndia & Shri @RajnathSingh Bhai & Smt @NSitharaman @FinMinIndia & Smt Draupadi Murmu, President of India on behalf of the Govt. of India

In humility copy @BishopDavidT @Pontifex @AlimamAlTayeb @HumanFraternity @DalaiLama @Mahashraman @PMOIndia @HMOIndia @FinMinIndia @RashtrapatiBhvn @DoT_India @dir_ed @NIA_India @CMDBSNL @MTNLOfficial @BSNLCorporate @BSNL_TN @BSNL_CHTD @EKMBSNL

* Ma Bagavathy may be spelt differently in various places in the document, but all different spellings imply the same ancient energy source worshipped as Ma Bagavathy in India.

Preparatory Requests	14
DRDO in-house production of Radio Detector & Radiation Therapy Equipment for Detection & Application of Radio/UV Signal of Ma Bagavathy/Ma Durga for healing the Universe	15
Request to send in direct the Radio Detector Design and 3D drawing of proposed Radiation Therapy Equipment	16
Thanks to God. Thanks to Devi. Thanks to @NarendraModi Bhai, @AmitShah Bhai, @RajnathSingh Bhai & Murmu Didi @RashtrapatiBhvn	16
Live Secure/Encrypted Satellite Connectivity between Temple & Radiation Therapy Equipment	17

Editorial

Submitting consolidated file for Fin Min Access for evaluation please. With Thanks to @BSNL_TN for restoring FTTH connectivity in just a few minutes please.....	18
When Pope is discharged, shall record that Pope Francis is 1st celebrity patient healed by Radio Signal of Ma Bagavathy/Ma Durga (invoked via human consciousness fields) & has been communicated thus to Pope Francis please.....	19
Electricity generation using Radio Frequency excitation from Radio Signal of Ma Bagavathy/ Ma Durga	20
A New Economy Model for Bharat post Free Energy/Free Electricity or Near Zero Charges for Energy/Electricity & Transportation achieved via Electricity generation using Radio Frequency excitation from Radio Signal of Ma Bagavathy/ Ma Durga.....	20
Increased FDI inflows & allocation of SEZs for foreign industry to set up manufacturing in India – Addendum to the new Economy Model for Bharat	21
Unemployment rate & employability rate becomes an insignificant factor of merit – Addendum to the new Economy Model for Bharat	22
Declaration:	22
Consolidated File Access:	23
Annexure	24
Thanks to President’s Secretariat for forwarding consolidated file of “Search & Application of the Radio Signal of Ma Bagavathy/Ma Durga for healing the Universe”	24
Thanks to Jayalalitha Amma, Thanks to God, Thanks to Devi, Thanks to @NarendraModi Bhai, Thanks to @AmitShah Bhai, Thanks to @RajnathSingh Bhai, Thanks to @NSitharaman Didi, Thanks to Murmu Didi @RashtrapatiBhvn	25
Proposed Broad outline for initial starting of the project.....	26
Preparatory period:.....	26
News & Status Updates:.....	26
Food for the Research Team:	27
Statutory Warning on Potential High Energy Burnout:.....	27
Consent, Last wishes & Dying Declaration by participating Scientists of the Research Team:.....	27
Suggested Template for Consent, Last Wishes & Dying Declaration by Scientists of the Research Team:.....	28

Editorial

Shift in Global Economic Power Balance & Consequent hurdles necessitating 24x7 surveillance of scientists in the research team postulating consent by Scientists in Research team for continuous surveillance by Military Intelligence.....	30
Interministerial task force under instruction from @PMOIndia/@HMOIndia may please invite self-nominations from Scientists (from multi-disciplinary & inter-disciplinary realms) of Bharatiya Origin residing in Bharat to serve on the Research Team for the Search & Application of the Radio/UV Signal of Ma Bagavathy/ Ma Durga for healing the Universe.....	31
And hence it is thus recorded that Ma Bagavathy & Ma Durga healed His Holiness Pope Francis. So, would I be called as “Papal Divine Physician” or “Brahma rishi”?.....	34
Thanks to God, Thanks to Devi, Thanks to @NarendraModi Bhai, Thanks to @AmitShah Bhai, Thanks to @RajnathSingh Bhai, Thanks to @NSitharaman Didi, Thanks to Murmu Didi @RashtrapatiBhvn. Thanks to the President’s Secretariat for forwarding to the Home Secretary (Mar 3, 2025, 5:28 PM) “Consent, Last wishes & Dying Declaration by participating Scientists of the Research Team”	35
Was a massive money laundering operation between Coimbatore & Canada tweaked to create headache to me by spoiling my career, family and family assets to do a hostile takeover of the “Search for the Radio/UV Signal of Ma Bagavathy/Ma Durga for healing the Universe”?	36
Regularization of sins, transparency and integration into society.....	37
Suggestion to Govt. of India for “Regularization of Sin & Transparency in Religious (i) processes & (ii) places of worship Act 2025”	40
Addendum to Suggestion to Govt. of India for “Regularization of Sin & Transparency in Religious (i) processes & (ii) places of worship Act 2025”	42
Was the aforesaid massive money laundering program from Coimbatore to Canada, financing drug cartels or terror outfits?	43
Requesting emergency attention & Govt. of India approvals for the “Search & Application of the Radio/UV Signal of Ma Bagavathy/Ma Durga for healing” please.....	45
Requesting transfer of equipment from BSNL/MTNL please in Continuation of Requesting emergency attention & Govt. of India approvals for the “Search & Application of the Radio/UV Signal of Ma Bagavathy/Ma Durga for healing” please	48
Cost effectiveness & Safety	50
The Battle of the Civilizations for Supremacy of the Universe & the icy/watery/sandy graves of civilizations – a tale of love & sacrifice that many couldn’t comprehend at all.	53

Editorial

Thanks to God. Thanks to Devi. Thanks to @NarendraModi Bhai, @AmitShah Bhai, @RajnathSingh Bhai, @NSitharaman Didi & Murmu Didi @RashtrapatiBhvn Thanks to President's Secretariat for forwarding to The Home Secretary, Govt. of India.....	56
Thanks to God. Thanks to Devi. Thanks to @NarendraModi Bhai, @AmitShah Bhai, @RajnathSingh Bhai, @NSitharaman Didi @JM_Scindia Bhai, @PemmasaniOnX Bhai, Dr @NeerajMittalIAS Bhai & Murmu Didi @RashtrapatiBhvn Thanks to The President's Secretariat for forwarding to The Telecom Secretary, Govt. of India	58
Thanks to God. Thanks to Devi for blessing with such an awesome proceeding on "Holi". Thanks to @NarendraModi Bhai, Thanks to @AmitShah Bhai, Thanks to @RajnathSingh Bhai, Thanks to @NSitharaman Didi Thanks to @JM_Scindia Bhai, Thanks to @PemmasaniOnX Bhai, Thanks to Dr @NeerajMittalIAS Bhai & Thanks to Murmu Didi @RashtrapatiBhvn Thanks to The President's Secretariat for forwarding to The Telecom Secretary, Govt. of India (Mar 13, 2025, 3:28 PM)	60
Further Addendum to Suggestion to Govt. of India for "Regularization of Sin & Transparency in Religious (i) processes & (ii) places of worship Act 2025"	62
Have Ma Bagavathy & Ma Durga already arrived as a Radio Signal even before we initiated the project to tap the Radio Signal of Ma Bagavathy/Ma Durga to heal the Universe!!!	65
A hypothetical understanding of how Ma Bagavathy & Ma Durga may heal the Universe as a Radio Signal and a hypothetical assumption of how Ma Bagavathy & Ma Durga may have healed His Holiness Pope Francis on invocation, without even the presence of an experimental setup.....	66
Shall request my nominee to contact u for invocation to Ma Bagavathy & Ma Durga for the project, in case I get killed.....	70
Request to Pope Francis @Pontifex to restrain his bishops, priests, religious and laity; stop proxy wars and let people live in India in peace & a request to our brothers @MKStalin, @Annamalai_k and beloved sister Dr Tamizhisai Soundarajan to sheathe their swords and tone down ideological differences please, for in the end, its only ur brother or sister against whom u stand, and is it worth it?	71
"Bill Gates Gives Up on Saving the Planet" -- At the limit of human strength, God comes in.	75

Editorial

Officials at @HMOIndia Govt. of India, Thanks to The Finance Secretary & Officials at @FinMinIndia & Thanks to The CMOBihar & Secretaries & Officials @OfficeCMBihar, Thanks to The DGP Bihar & Officials at @Bihar_Police & Thanks to The Secretary & Officials at @DoT_India for forwarding to Officials at The Dept. of Telecom, Govt. of India (5:04 PM · Apr 1, 2025) via https://x.com/DoT_India/status/1907033912561557922122

Requesting @FinMinIndia to pls estimate actual returns, coz projections have been done modest so as not to encroach upon policy making discretion of Govt. of India. Only the basics have been projected modestly in the proposal, while actual returns may be quite higher. 124

Editorial

Initial Set of Suggestions (submitted Jan 26, 2025)

Need or necessity:

1. Climate Change effects & Pollution
2. Food Security & Nutrition, Water Security & Health Security for the Population
3. Post Covid Scenarios (Post pandemic handling and pre-pandemic handling for next pandemic)
4. Rise in Per Capita Expenditure on Healthcare
5. Increase in mortality rate in middle age (accompanied by sudden heart attacks and declared dead on arrival at hospital within a short time)

Introduction:

The above factors present a formidable challenge to governance when read together. The Nation will require some patronage to deal with the above effectively. When many other Nations of the World are also battling Climate Change effects, India, will have to find its own solutions without depending on other Nations overtly. We will have to become self-sufficient and also attempt to help other Nations too. Self-sufficiency, not only in scientific terms but also in a confluence of scientific and spiritual terms.

Its always better to depend on God than man and hence this initial set of suggestions presents the Mother of God, Ma Bhagawathy/Ma Durga as the one-solution-heals-all.

Ofcourse, we can be ridiculed as being superstitious or old-fashioned, and hence, we also need to modify our approaches to the current day.

Lets envisage a scenario where the Mother of God can be obtained as a Radio/UV signal. We can amplify/attenuate (as required) and beam Her back to the Earth to heal all, accompanied with clinical and related scientific observation to document and analyse the healing with reference to humans, plant life/agriculture, forests and environment, animals, wildlife, nature and the atmosphere, rainfall, etc.

One of the easiest methods of detection would be via Firefly(Ref.1), but that may also be the most costliest method of detection too, though we can use Firefly for secondary targeted investigations.

One less costly solution would be the use of the Military Signals Division. We can initially start from Kashmir, Bengal, Punjab and Haryana (zones of erstwhile conflict), for there would be records of spurious radio detection in battlefield zones. Once we get the locations in latitude

Editorial

and longitude of those locations, we can get Firefly to investigate those locations and the surrounding area, to check if those spurious radio signals are present still. Assuming that the radio signals are present in those locations still, we can get Firefly based or landbased radio signal acquisition and measurement.

An AI backend to analyze the acquired signal can be set up to check for similarities and corroborations among signals from various locations.

This cycle can be repeated until we get a radio signal from near a Bagawathy or Durga Temple. Once that radio signal is obtained, all previously obtained signals can be checked for similarity and corroboration and labelled based on % match.

Once we have reached this point in the investigations, the rest can be done via Firefly.

However, our personal presence will be mandated at every step for invocation of the Ma Bagawathy or Ma Durga, and link to Her via quantum means and receive Her as an electromagnetic signal.

Then we can get some volunteers who'd volunteer to be exposed to the electromagnetic radiation from Ma Bagawathy or Ma Durga and do clinical investigations on their healing. At the same time, we can use other ISRO satellites to beam the signal on the geographical surface area of the Nation and observe improvement/healing.

This will take some time. Once we have established the healing power of the electromagnetic radiation of Ma Bagawathy or MaDurga, we can extend the same healing to the entire planet and the Universe too, linking with other satellite constellations of various Nations (based on their consent).

Wherever required, pujas and aartis may be done please.

Addendum to Initial Set of Suggestions submitted on January 26, 2025 (submitted on Jan 28, 2025)

Addendum:

It was formerly suggested the following states of Kashmir, Bengal, Punjab and Haryana, which were zones of erstwhile conflict. The following states of Tamil Nadu, Kerala, Karnataka, Telangana and Andhra Pradesh may also be considered for reasons of ancient Devi Temples and a rich cultural heritage. Its quite possible that the Radio Signal of Ma Bhagwathy/Ma Durga (also known as “Amman” in South India) may be obtained from some ancient temple

Editorial

here too. So, we may be able to detect the Ma Bhagwathy/Ma Durga as Protector in zones of erstwhile conflict & Nurturer in the Southern States of Tamil Nadu, Kerala, Karnataka, Telangana & Andhra Pradesh.

Initial Request for establishment of research infrastructure for the project:
(submitted on 05.02.2025)

<https://x.com/PrabhuBritto/status/1887048659642278205>

@NarendraModi Bhaiya & @AmitShah Bhaiya

Inter-ministerial task force:

In humility suggesting creation of an inter-ministerial task force comprising of Senior Secretaries of the Govt. of India reporting directly to the @PMOIndia & @HMOIndia for the

Search for the Radio/UV Signal of the Ma Bhagavathy / Ma Durga for healing the Universe.

AIIMS as test centers for volunteer study samples:

Further, suggesting including of all AIIMS as test centres for studying rate of healing of the population, registering as volunteers for healing by the Radio/UV Signal of the Ma Bhagavathy/Ma Durga.

Guests (Visitors & Scientists) from WHO, UNO, EU, etc:

Editorial

Also, will require provision of welcoming guest visitors & guest scientists from @WHO and other @UN Agencies, @EU_Commission Agencies and other world bodies and help them participate in our work.

Crowd handling:

Crowd handling may please be allocated to officials who have experience in handling huge crowds as in Kumbh Mela

Ofcourse, there's going to be a huge rush of a very large fraction of the population of India & other International Visitors too, after we are able to tap the Radio/UV signal of the Ma Bhagavathy/Ma Durga, but crowds during investigation cant be ruled out too; for we will have many devotees, who will want to grab the first electromagnetic manifestation of Ma Bhagavathy/Ma Durga.

We are embarking on a voyage of a huge cosmic magnitude. May Ma Bhagavathy & Ma Durga grant us the strength to stand as Her instruments in bringing Her from Her cosmic manifestations into electromagnetic manifestation in Radio/UV range.

Digital Archives:

Since, this will be a rare journey in the History of the World, suitable provision may be made to document it in Media, Libraries and in our much loved Cinema too.

Further, this will also be one of the rarest occasions in the History of India, where all Political Parties, all Organizations, etc. will stand together as one, for the benefit of mankind, Nature, the Planet and the Universe.

In humility copy @BishopDavidT @Pontifex @AlimamAlTayeb @DalaiLama @Mahashraman @PMOIndia @HMOIndia @RashtrapatiBhvn

Interministerial task force & Revenue sharing with other Nations

<https://x.com/PrabhuBritto/status/1888521188764422444>

@NarendraModi Bhai & @AmitShah Bhai

Ref1: <https://x.com/aguivaldi/status/1887558723582754869>

Ref2: <https://x.com/PrabhuBritto/status/1887048659642278205>

United Nations
Educational, Scientific and
Cultural Organization

Editorial

May we thank President Trump @POTUS for the precedence created by the Executive Task Force (Ref1).

So, with thanks to him, we form an interministerial task force for the Detection & Application of the Radio/UV Signal of Ma Bhagavathy/Ma Durga for healing the Universe (Ofcourse, our beloved @DrSJaishankar will always find a suitable and convincing answer if anyone questions us)

In humility, i do not intend to propose the quantum of revenue sharing with other Nations consequent to successful tapping of the Radio/UV Signal of Ma Bagavathy/Ma Durga and post successful testing on volunteer human population to assess rate of healing accompanied with a prospectively global network of hospitals specializing in healing via Radiation Therapy; coz those areas may please be handled by the Govt and its external affairs policies; but in my humble opinion, i would suggest that India may be pleased to share a portion of the revenue with every nation in the world (friend and foe alike); so that all Nations can be benefitted to some extent. Also, there will arise no necessity to any individual or group or ideology or school of thought to sabotage this attempt, coz it will be in the best interests of all Nations to help/support us in our initiative of healing the Universe through the Radio/UV signal of Ma Bagavathy/Ma Durga and share the blessings and prosperity that Ma Bagavathy/Ma Durga showers upon us.

In humility copy @BishopDavidT @Pontifex @AlimamAlTayeb @DalaiLama @Mahashraman @PMOIndia @HMOIndia @RashtrapatiBhvn

Request to Finance Ministry for evaluation of this project proposal

<https://x.com/PrabhuBritto/status/1889190972556230895>

@NSitharaman Didi

In humility the following request please.

Your esteemed attention is requested to the proposal "Healing the Universe through the Radio/UV Signal of Ma Bhagavathy/Ma Durga" presented to Shri @NarendraModi Bhai & Shri @AmitShah Bhai.

In my humble opinion,

the returns of this project, after being implemented as Radiation Therapy healing via upgradation of Tertiary District Hospitals in India, and creation of new Hospitals in various Nations in revenue sharing model, should be able to project India

Editorial

into a more comfortable position than a 5 trillion dollar economy,

help in achieving surplus budgets

establishment of a Zero Tax, Zero Inflation, Zero Excise duty, Zero Import duty, Zero GST Nation and

adoption of the Indian Rupee as the Global Reserve Currency

and other benefits too for the citizens and the Nation at large,

ushering in a golden era of health and prosperity.

It will take us considerable time to tap Ma Bagavathy and Ma Durga as Radio/UV Signal and translate into a Radiation Therapy Equipment, accompanied with clinical tests on rate of healing in reputed Indian Hospitals on volunteer population.

So, if it would please the Finance Ministry to evaluate my proposal at the earliest and submit your esteemed recommendations to @PMOIndia & @HMOIndia, they will be able to take a decision at the earliest, and we can start immediately, in time for the Saturn Transition in March 29, in time for the Jupiter transition in May.

In humility copy @BishopDavidT @Pontifex @DalaiLama @Mahashraman @PMOIndia @HMOIndia @RashtrapatiBhvn

Acknowledgement:

Thanks to @SotiDr Didi, @RakhiRoyHalder1 Didi & @CKandasamy52986 Bhai for their esteemed views, incorporated herein

Additional details for Finance Ministry evaluation

@NSitharaman Didi

Ref: <https://x.com/PrabhuBritto/status/1889190972556230895>

Resending pls morning's message sent via mobilephone that was erroneously deleted. Now sending via laptop pls.

W.r.t. cited earlier communication in Ref, in humility the following suggestion please.

The project may pls be treated as a Govt. of India project and the project funds be handled by the Govt. of India & the profit/returns from the project may be received in the Govt. of India Treasury. My role will be Principal Investigator, though, I would NOT wish to handle funds of the project.

International Journal of BioSciences and Technology (2025), Volume 15, Issue 1, Page(s):1-127

Editorial

Publications and patents may pls be co-authored with the Govt. of India, so that the Nation, the World and the Universe will be able to continue to reap the benefits of pursuit of Radiotherapy healing using the Radio Signal of Ma Bagavathy or Ma Durga post my death too.

In humility copy @BishopDavidT @Pontifex @DalaiLama @Mahashraman @NarendraModi @AmitShah @PMOIndia @HMOIndia @FinMinIndia @RashtrapatiBhvn

Preparatory Requests

<https://x.com/PrabhuBritto/status/1891393941838160008>

@NarendraModi Bhai @AmitShah Bhai & @RajnathSingh Bhai

In humility the following submission please

Subsequent to submission of

<https://x.com/PrabhuBritto/status/1888521188764422444>

<https://x.com/PrabhuBritto/status/1889190972556230895>

<https://x.com/PrabhuBritto/status/1890001402988310685>

the following is submitted to ur esteemed attention please.

Since the proposal to tap the Radio/UV Signal of Ma Bagavathy/Ma Durga & apply for healing via Radiation Therapy, seems to have potential of ushering in a new medicine system via Radiation Therapy, also earning a huge sum of money for the Govt of India to the extent of having a tax free Nation, we need to take precautionary safety measures, to safeguard against sabotage, conspiracy, etc.

In my humble opinion, it would be best to rely only on military infrastructure (conventional & information technology related), coz civilian infrastructure can be subjected to stress due to sabotage, conspiracy, etc.

- Consequently, the selected/identified temples in multiple states of India may have to be handed over to the Defence Ministry.
- The complete area within the temple and a few hundred meters radially outward from the temple may have to be electronically swept to remove any electronic receivers or transmission equipment.
- Since jammers may interfere with the experiment, jammers cannot be pressed into service.
- Until official declaration of initiation of experimentation, electronic devices may be permitted to be carried inside the temples; but after official declaration of initiation of

Editorial

experimentation, a security check will be mandated by defence personnel prior to entry at the temples, and devotees may please ensure that their electronic devices are safely locked up in their vehicles outside the temple or deposited at the security check locker along with their aadhar or biometric scan (fingerprint or iris) verification. This may be done so that spurious signals from electronic devices don't get captured by the experimental setup inside the temple.

- The experimental setup may be connected by secure/encrypted wired or wireless data lines to servers in the Defence Ministry.

In humility copy @BishopDavidT @Pontifex @AlimamAlTayeb @DalaiLama @Mahashraman @PMOIndia @HMOIndia @FinMinIndia @DRDO_India @NIA_India @RashtrapatiBhvn

DRDO in-house production of Radio Detector & Radiation Therapy Equipment for Detection & Application of Radio/UV Signal of Ma Bagavathy/Ma Durga for healing the Universe

<https://x.com/PrabhuBritto/status/1891492640882852192>

@NarendraModi Bhai @AmitShah Bhai & @RajnathSingh Bhai

Ref: <https://x.com/PrabhuBritto/status/1891393941838160008>

In humility the following submission please.

I've requested help from a friend for a radio detector design and 3d drawing of proposed radiation therapy equipment. He's promised to help.

Once the radio detector design and or 3d drawing is ready, shall present to u please.

We can manufacture both the radio detector and radiation therapy equipment in-house in the @DRDO_India

UV Cameras alone we may need to buy from outside, but if the DRDO can manufacture UV cameras also, then we are technically self-sufficient for the Radio Detection & Application of the Ma Bagavathy/Ma Durga for healing the Universe.

Ofcourse, quantum links to Ma Bagavathy/Ma Durga via consciousness fields have to be invoked personally on site-only.

In humility copy @BishopDavidT @Pontifex @DalaiLama @Mahashraman @PMOIndia @HMOIndia @FinMinIndia @RashtrapatiBhvn

Editorial

Request to send in direct the Radio Detector Design and 3D drawing of proposed Radiation Therapy Equipment

<https://x.com/PrabhuBritto/status/1891752442628382918>

@NarendraModi Bhai @AmitShah Bhai & @RajnathSingh Bhai

Ref:

<https://x.com/PrabhuBritto/status/1891492640882852192>

In humility the following submission please.

I shall request my friend to send in the Radio Signal detector design & 3D drawing of proposed Radiation Therapy Equipment for use in the Detection & Application of the Radio Signal of Ma Bagavathy or Ma Durga in healing the Universe directly to you please.

Coz I don't want to stand in between him and you.

Let him have his recognitions directly from u please.

Coz quantum links to Ma Bagavathy/Ma Durga via consciousness fields have to be invoked personally on site-only, its better that I don't carry the work of anyone else in my hands and I stand clean before Ma Bagavathy & Ma Durga in invoking Her to descend in ways convenient for us to tap and help us Heal all of mankind, all life forms, Nature, Environment, the Planet and the Universe through the @Space_Station or any other International Space Station that India might be pleased to place in orbit for this dedicated purpose please..

Live Secure/Encrypted Satellite Connectivity between Temple & Radiation Therapy Equipment

<https://x.com/PrabhuBritto/status/1892138510850851089>

@NarendraModi Bhai, @AmitShah Bhai & @RajnathSingh Bhai

In humility the following submission please.

The Radio Signal of Ma Bagavathy/Ma Durga may be a quantum signal and hence may not be following the natural laws of electromagnetics/physics. Consequently, we may have difficulty in storing the Radio Signal of Ma Bagavathy/Ma Durga, coz She may not be manifesting Herself as a sequence of zeros or ones (in digital parlance), but She may be manifesting Herself in a sequence of zeros and ones (existing in multiple states simultaneously). Ofcourse, if it will please you, we can initiate research on quantum processors, quantum devices and quantum connectivity for use at a later stage. But (for immediate purposes) to reduce the cost factor and the time involved, its suggested that a live secure/encrypted satellite connectivity may be explored between source and target, *ie.*, between the temple and the Radiation Therapy Equipment. We'll surrender to Ma Bagavathy & Ma Durga and declare that that's all that we got, and She in Her infinite mercy may descend and manifest in accordance with the resources present in our Nation. But at the same time, we can initiate research on quantum devices, quantum processors, quantum connectivity and quantum transportation (which might be helpful to @ISRO space missions also).

In consultation with Professor Mamidala Jagadesh Kumar @mamidala90, @UGC_India can offer through the various Indian Universities/Institutions, masters and doctoral programs in quantum technology (ranging from quantum processors to quantum transportation) and we can apply the designs & prototypes at a later date in future, when we gain the potential to tap the Quantum Radio Signals of Ma Bagavathy & Ma Durga.

May Ma Bagavathy & Ma Durga bless us and guide us in our journey, so that mankind may be blest to travel to the far dimensions of the Universe and undertake pilgrimage to the abode of

Editorial

Ma Bagavathy & Ma Durga (not the earthly abode but the heavenly abode) and also heal alien civilizations on contact or on engagement please.

Ref2: <https://www.catholicnewsagency.com/news/262227/pope-francis-hospitalized-live-updates> (as on 12:00 noon IST 20.02.2025)

Waiting for the news that u are recovered and/ or discharged from hospital.

We shall be humbled to record you as our First Celebrity patient healed by the Radio Signal of Ma Bagavathy/Ma Durga with just a prayer/invocation to Ma Bagavathy/Ma Durga (invoked via human consciousness fields even without sufficient electronic experimental setup) as evidenced by communication cited as Ref1 above.

In any scientific experiment, allowance should also be given for an unfavorable result too.

Hence allowing allowance for an unfavorable result, we shall be humbled to record that your physical ailments due to your aged earthly body have become too much for you to bear that Ma Bagavathy / Ma Durga drew you to Herself thereby helping u to shed your aged ailing earthly body.

This is shared with you while you are aware and conscious (Ref2), just to maintain transparency.

International Journal of BioSciences and Technology (2025), Volume 15, Issue 1, Page(s):1-127

Electricity generation using Radio Frequency excitation from Radio Signal of Ma Bagavathy/ Ma Durga

<https://x.com/PrabhuBritto/status/1892810142732718357>

Ref: <https://www.ece.cmu.edu/news-and-events/story/2019/05/rectennas-converting-radio-waves-into-electricity.html>

@NarendraModi Bhai, @AmitShah Bhai, @RajnathSingh Bhai & @NSitharaman Didi

In addition to healthcare, quantum technology etc., the Radio Signal of Ma Bagavathy/Ma Durga may also have potential for electricity generation. We can attempt to assemble huge Radio Frequency Generators, slowly phasing out Nuclear Reactors with Radio Frequency Generators generating electricity using the Radio Signal of Ma Bagavathy/Ma Durga. In addition to it, we can also explore portable radio frequency electricity generators as that can be used in Vehicles. Radio Frequency excitation signal can be provided via the mobile tower network with suitable modifications, as necessary. The vehicles can run on electricity generated live via portable devices in cars, buses and trucks, wherever there is good signal strength, and can run on batteries (charged with radio frequency excitation generated electricity) wherever there is poor signal strength. It can be a Govt. policy decision to provide electricity free (for residential and industry/business use) within the Nation. Export of such technology will again be a Govt. policy decision.

A New Economy Model for Bharat post Free Energy/Free Electricity or Near Zero Charges for Energy/Electricity & Transportation achieved via Electricity generation using Radio Frequency excitation from Radio Signal of Ma Bagavathy/ Ma Durga

@NarendraModi Bhai, @AmitShah Bhai, @RajnathSingh Bhai & @NSitharaman Didi

Assuming that with the blessings of Ma Bagavathy /Ma Durga, we are able to generate electricity far greater than the current installed capacity of 4,17,668 MW (both fossil & non-fossil fuel vide <https://powermin.gov.in/en/content/power-sector-glance-all-India>), it will lead us to an energy surplus situation, and we will have to provide Electricity free of charge for all citizens (inclusive of residential, institutional, industry and business processes).

International Journal of BioSciences and Technology (2025), Volume 15, Issue 1, Page(s):1-127

Editorial

Read together with the possibility of running transportation via portable radiofrequency excitation devices, transport cost also comes down drastically; which will bring down the prices of all agricultural produce and commodities, very much.

Private players cannot handle the stress of such low prices and consequently, the Govt may have to modify its policies and enter into the National market as a single player. At the same time, the Govt. will also have to provide suitable room for the private players. Consequently, Govt. policy may be updated to include the Govt. as the sole player in the National, State & Local Market, while private players can be provided Govt. support to venture into the International Markets; to the extent that every village in the nook and corner of Bharat can be exporting one or more products internationally. Due to very low cost of electricity/energy, the products exported will also be able to be given at a very competitive price in the International market, attracting the International consumers to depend on Indian exporters to a greater extent. Of course, it may take considerable time to achieve it, but it's a question of Faith & effort. If we have Faith on Ma Bagavathy & Ma Durga and if we can match our faith with sincere effort, we can sure achieve the above.

Increased FDI inflows & allocation of SEZs for foreign industry to set up manufacturing in India – Addendum to the new Economy Model for Bharat

<https://x.com/PrabhuBritto/status/1893329412608684412>

@NarendraModi Bhai, @AmitShah Bhai, @RajnathSingh Bhai & @NSitharaman Didi

Ref: <https://x.com/PrabhuBritto/status/1893179548402937890>

In addition to the aforesaid benefits arising out the proposed new Economy Model for Bharat post Free Energy/Free Electricity or Near Zero Charges for Energy/Electricity & Transportation achieved via Electricity generation using Radio Frequency excitation from Radio Signal of Ma Bagavathy/ Ma Durga, a significant beneficial outcome that may be witnessed is that foreign industry may shift their industry to India coz production cost might become very low in India. This consequently enhances increased FDI inflow into India. Therefore, we may have to create Special Economic Zones for each industry type, so that the foreign companies can establish their manufacturing units in identified locations. Transfer for Technology, as reciprocal goodwill gesture to Bharat may be welcome.

Thanks to @CKandasamy52986 Bhai for pointing out enhanced FDI inflows as a consequence of the new Economy Model

Unemployment rate & employability rate becomes an insignificant factor of merit – Addendum to the new Economy Model for Bharat

<https://x.com/PrabhuBritto/status/1893568041633661173>

Ref 1: <https://x.com/PrabhuBritto/status/1893329412608684412>

Ref 2: <https://www.forbesindia.com/article/explainers/unemployment-rate-in-india/87441/1>

Ref 3: <https://www.financialexpress.com/jobs-career/indian-graduates-employability-drops-to-42-6-mercier-mettl-report-highlights-skill-gaps-3756671/>

@NarendraModi Bhai, @AmitShah Bhai, @RajnathSingh Bhai & @NSitharaman Didi

“the unemployment rate in India stood at 7.8 percent in September 2024” (Ref 2) and “A recent report by Mercer Mettl has revealed a concerning dip in employability among Indian graduates, falling from 44.3% in 2023 to 42.6% in 2024” (Ref 3).

The above unemployment rate and employability rate arise when our people try to adapt themselves to a western or globalistic corporate culture. However, when we have our own home grown Economy model (as in Ref 1), people don't have to fit themselves into an alien culture and alien way of life. With Govt. patronage (arising out of surplus funds generated on application of the Radio Signal of Ma Bagavathy/ Ma Durga for healing the Universe, with consequent surplus revenues generated via Free Energy/Electricity Generation & savings due to low cost), every citizen residing in India, can individually or collectively be part of a commodity export group. In such a context each citizen can work somewhere and can also be part of a commodity export group, which will raise the employment proportion beyond 100%, in which case, unemployment rate ceases to be a metric. Similarly, employability rate also ceases to be a metric, coz they don't have to be trained to earn massive profits for a foreign corporate organization and be ranked lower on international metrics, but can be trained locally to export commodity individually or collectively and ranked higher on national metrics.

Proposed Broad outline for initial starting of the project

<https://x.com/PrabhuBritto/status/1894293697786757139>

@NarendraModi Bhai, @AmitShah Bhai, @RajnathSingh Bhai, @NSitharaman Didi, Murmu Didi @RashtrapatiBhvn @JM_Scindia Bhai, @PemmasaniOnX Bhai and Dr @NeerajMittalIAS Bhai

In humility the following submission please – proposed broad outline for initial starting of the project.

Preparatory period:

- Temples identified by the Govt. of India may be notified through an extraordinary Gazette notification and handed over to the Defence Ministry.
- A 48 day preparatory period for the identified research team is suggested, wherein, the research team will wait in front of one or more identified Devi Temples, stay in temple provided location (or at home, if nearby), and also have only temple provided satvik food or home cooked satvik food and beseech Blessings of Ma Bagavathy & Ma Durga, and then start the project, in accordance with time and dates notified by the Govt. of India
- In the 48 day preparatory period, the Defence Ministry may ensure that the entire temple premises and surrounding 100 m radial area is swept off electronic detectors/transducers/communication/electronic equipment and all CCTV networks in and around the temple will be taken over by teams of Defence personnel, coz there's no rule that says that Ma Bagavathy / Ma Durga may descend only as a Radio Signal. She may choose to descend in the visible spectrum also, and can be shifted electronically to the desired bandwidth or frequency spectrum.
- Also, the 48 day preparatory period, will help Ma Bagavathy / Ma Durga to complete immediate or urgent tasks at Her hand, and then walk ahead of us/ walk with us, for many centuries or millenia to come; in the present and in the future.
- Also the 48 day preparatory period will help the interministerial task force to assess the current situation, and also prepare ahead to handle the situation; coz initially, the research activity will start at one temple identified by the Govt. of India, but in due course of time, so many temples will be researched simultaneously, and that will create a huge anticipation among the people.

News & Status Updates:

- Periodic updates on research activity may be provided by the inter ministerial task force via approved channels of information dissemination.

International Journal of BioSciences and Technology (2025), Volume 15, Issue 1, Page(s):1-127

Editorial

Food for the Research Team:

- The Research Team, aware of the tremendous responsibility before them, should ensure that they have only identified satvik food provided to them or have home cooked satvik food for the entire duration of the research, as approved/notified by the interministerial task force.

In humility copy @BishopDavidT @Pontifex @AlimamAlTayeb @HumanFraternity @DalaiLama @Mahashraman @PMOIndia @HMOIndia @FinMinIndia @RashtrapatiBhvn @DoT_India

Consolidated File Access:

Consolidated file is available at

<https://1drv.ms/b/s!AgLOT7GpDPHXipMQjJjUOXJVOJ3DyA?e=NZi2Hd>

or

<https://drive.google.com/file/d/108cmLqqwjW-afXRVshgpaBfUCto2eArR/view?usp=sharing>

Statutory Warning on Potential High Energy Burnout:

The potential risk of high energy burnout for the research team is hereby declared. Ofcourse Ma Bagavathy and Ma Durga will be aware of the -80 db threshold for biological tissue damage and may descend at lower energies only, but even otherwise, accidents can happen due to human error and potential risk of high energy burnout for the research team may be there. Though possibility of high energy burnout for the research team may be near zero, but still, it is good that the research team is aware of the potential risk of high energy burnout. Consequently, the interministerial task force, may please concentrate on high energy fire hazards and its handling.

Consent, Last wishes & Dying Declaration by participating Scientists of the Research Team:

<https://x.com/PrabhuBritto/status/1894633566321218025>

Educational, Scientific and
Cultural Organization

Editorial

@NarendraModi Bhai, @AmitShah Bhai, @RajnathSingh Bhai, @NSitharaman Didi, Murmu Didi @RashtrapatiBhvn @JM_Scindia Bhai, @PemmasaniOnX Bhai and Dr @NeerajMittalIAS Bhai

In humility the following submission please – Consent, Last Wishes & Dying Declaration by participating Scientists of the Research Team.

In Tamil, there's a saying “கண்டவர் விண்டிலர் விண்டவர் கண்டிலர்” which might imply that the eyes that have seen God ceases to communicate eternal universal truths. A possible explanation of this could be that once the native beholds God, there might be a sync of Universal truths between that of the God consciousness and human consciousness of the Native. Since some of the eternal truths are hidden in this human life, that Native who has sync'ed with the Consciousness of God is forbidden from sharing it with those who are still alive. An unexpected outcome would be that the soul of the Native may choose to leave the human body and go with God, caused due to a sudden and fatal cardiac arrest due to heightened states of altered consciousness or could be accompanied with a high energy burnout of the body into ash or dissolve into thin air as aerosol type nano particles.

Whether it happens as outlined above, or takes on an unexpected new trajectory, the conclusion remains the same and that is, there is a very high possibility of death of the participating scientists of the Research Team. Consequently, a need for consent, last wishes and dying declaration needs to be obtained from the participating Scientists of the Research Team prior to starting the project of the Search & Application of the Radio/UV Signal of Ma Bagavathy / Ma Durga for healing the Universe. At the same time, the Govt. of India is also duty bound to honor the memory of those Scientists who walked into the project, willingly giving up their life for the good of the Nation, the World and the Universe. Consequently, the Govt. of India may be pleased to provide a State funeral for the deceased Scientist, along with full Military Honors; and offering a dignified education & life for the nominee of the deceased Scientist; It would be the pleasure of the Govt. of India to provide an ex-gratia amount to the nominee of the deceased Scientist.

Suggested Template for Consent, Last Wishes & Dying Declaration by Scientists of the Research Team:

Consent, Last Wishes & Dying Declaration

I _____, hereby solemnly affirm that I am joining in as a Scientist in the Research Team of The Search for the Radio/UV Signal of Ma Bagavathy/Ma Durga for healing the Universe of my own volition and not compelled to do so.

I am aware that on beholding the original manifestation of Ma Bagavathy/ Ma Durga, my soul may get overjoyed and leave my body behind, in which case, I may be dead.

International Journal of BioSciences and Technology (2025), Volume 15, Issue 1, Page(s):1-127

Editorial

In the event of my death, in pursuit of the aforesaid project, I hereby authorise the Govt. of India to take over my dead body, and do my last rites as a State Funeral with full military honors.

I am also aware, that if I have been born into another religion, my last rites at the State funeral may not be the same as that of the religion that I have been born into and consequently, my family, relatives and friends are kindly requested not to inconvenience the Govt. of India in changing the modalities of my last rites and let it happen according to the Hindu religion & its procedures.

I hereby declare _____ as my nominee to receive the full benefits from the Govt. of India, including Govt. support until completion of tertiary academic degree (doctoral level), and a suitable job in the Govt. of India (In case the nominee is a minor as on date of the Scientist's death, the Govt. job may be given to the surviving guardian of the nominee based on his/her academic qualifications)

Contact Details of Nominee:

Nominee Name: _____ Aadhar number (if available): _____

Is Nominee Minor (as on date of this declaration)? Yes/No

If Yes, name of surviving guardian of Nominee: _____

Aadhar number (if available) _____

Shift in Global Economic Power Balance & Consequent hurdles necessitating 24x7 surveillance of scientists in the research team postulating consent by Scientists in Research team for continuous surveillance by Military Intelligence.

<https://x.com/PrabhuBritto/status/1895088425696665651>

@NarendraModi Bhai, @AmitShah Bhai, @RajnathSingh Bhai, @NSitharaman Didi, Murmu Didi @RashtrapatiBhvn @JM_Scindia Bhai, @PemmasaniOnX Bhai and Dr @NeerajMittalIAS Bhai

In humility the following submission please.

The population of India is 145 crores and still counting higher

(<https://www.worldometers.info/world-population/india-population/>). Such a huge population might have been a burden on various factors. But as regards The Search & Application of the Radio/UV Signal of Ma Bagavathy/Ma Durga for healing the Universe, this huge population is a blessing indeed. Apart from healing, it also offers scope for a huge untapped potential in Wellness. Even if services are offered at a subsidy, still, it has potential for roping in a huge revenue. Since this proposal advocates revenues/returns into the Govt. of India Treasury, this revenue can also be used by the Govt. of India to address other areas that need attention. Consequently, a wholesome improvement in the Quality of Life maybe achieved on various metrics as in Human Development Index (HDI), Gini Coefficient, Poverty Rate, Employment Rate and Job Quality, Access to Education, Healthcare Access and Quality, Housing Quality and Affordability, Safety and Security, Environmental Quality, Social and Political Stability, Life Satisfaction and Happiness. These improvements in the Quality of Life may reflect in

International Journal of BioSciences and Technology (2025), Volume 15, Issue 1, Page(s):1-127

Editorial

better health and prosperity of the Nation; consequently causing changes in the economic power structures of the world; and we can be sure that NOT all vested groups will accept the changes in the economic power structures of the world; elevating India as a very prominent Nation in terms of economic power of the next few centuries. Hence we will have to face obstacles and hurdles to achieving our objectives, and it will be in our best interests to safeguard our assets; our first and primary assets being the Scientists involved in the Search for the Radio/UV signal of Ma Bagavathy / Ma Durga in healing the Universe. Since the previous sections have already recommended placing the identified temples for experimentation under protection of the defence ministry; a natural follow up would be to place the Scientists involved in the aforesaid effort also under protection of the defence ministry. Consequently, every Scientist in the Research Team will have to provide consent for continuous 24x7 surveillance by Military Intelligence until the end of the project. The author is aware that this will cause a bottleneck in the diversity of Scientists in the Research Team and the Research Team may have to be constituted only by Scientists of Indian Origin residing currently in India, but at the same time, it will also be a blessing in disguise, as will be outlined in the next section.

@NarendraModi Bhai, @AmitShah Bhai, @RajnathSingh Bhai, @NSitharaman Didi, Murmu Didi @RashtrapatiBhvn @JM_Scindia Bhai, @PemmasaniOnX Bhai and Dr @NeerajMittalIAS Bhai

In humility the following submission please.

Originally, it was intended to invite Scientists from across the World, so that good diversity in knowledge and expertise can be had in tapping the Radio/UV Signal of Ma Bagavathy/Ma Durga for healing the Universe.

But, as the proposal developed, it was understood that there is a glaring possibility of Mukti, wherein the soul happily departs and unites with the Ma Bagavathy/Ma Durga, resulting in death of the concerned Scientist on the Research Team. Accompanied with the fact that the memory of the concerned Scientist needs to be honored by the Nation with a State Funeral and full Military honors; therein lies an inconvenience that the Home Nation of the Scientist (if he/she is of foreign Nationality/Citizenship) should also agree for a State Funeral and full Military honors, so that the funeral may be a joint exercise between the militaries of Bharat and the home Nation of the deceased Scientist, done at the home Nation of the deceased Scientist. Else, deceased body of the concerned Scientist has to be embalmed, then packed in a Coffin and sent via Civilian aircraft after handing over to the nearest family member or relative. Further complexities arise with 24x7 surveillance by Military Intelligence for the Scientists serving on the aforesaid Research Team. If the Scientist does not reside in Bharat and is not of Bharatiya origin, then differences of opinion regarding personal space, privacy, diet, etc. start elevating as conflict, which complicates the situation. Consequently, we are now constrained to populate the Research Team with Scientists of Bharatiya origin currently residing in Bharat only. Now here again, we face a difficulty. How does a Scientist earn his/her position as a Research Team member on the Search & Application of the Radio Signal of Ma Bagavathy/Ma Durga for healing the Universe? Is it Scholastic aptitude? If Scholastic aptitude alone was key, then we may not be here discussing this at all, coz someone with a very high scholastic aptitude might have completed this research work and brought it out as a new method of Medicine long long ago, and it wouldn't have waited for us to even contemplate it. So, Scholastic aptitude might only be a screening or threshold criteria, but the actual criteria for earning a position in the Research Team for the aforesaid project might be something else. For a Scientist, what other criteria could be there? Lets ponder for a moment. Perhaps, it could be moral ground. The Scientist who earns his/her position as a Research Team Member on the aforesaid project should have earned the moral ground to stand in front of Ma Bagavathy / Ma Durga to tap her into an electronic device built for the purpose. And from where can this moral ground be earned? Beyond the financial returns or profits of this project, which human

Editorial

beings alone can contribute, can animals, plants or nature or environment or the planet or the Universe pay for services received in healing them through the Radio /UV Signal of Ma Bagavathy/ Ma Durga? It is not possible. So beyond the financial returns of this project, the quantum of service to plants, animals, nature, environment, the planet and the universe outweigh the money earned through subsidized clinical treatment to human beings. Consequently, this moral ground as applicable to the aforesaid project might be a moral ground earned through service to mankind or society or nature or the environment or the planet or the universe, over a prolonged period of time in the past, upto now. Consequently, when self-nominations are invited by the Inter Ministerial Task force under instruction from @PMOIndia / @HMOIndia, it may be suggested that those scientists who nominate themselves to the Research Team of the aforesaid project, may please provide sufficient evidence of having translated their scholastic knowledge and experience as service to society or mankind or plants or animals or environment or nature or the planet or the universe. Further, nominations for the self alone can be done, due to the risk of death as outlined in the previous sections. Nominations for others cannot be done or entertained for the same reason. The Inter Ministerial Task Force may seek the advice of @PMOIndia and @HMOIndia and narrow down the selection list and attempt to zero in on the ones chosen to serve on the Research Team for the aforesaid project. If suggestions for selection from the Principal Investigator, in this case, myself, is required, I shall be happy to provide. Else, the Inter Ministerial Task force can narrow down the selection list and attempt to choose the Scientists who would serve on the Research Team for the aforesaid project. As Principal Investigator, I do not have any reservation in working with anyone. So, whoever is chosen to be on the Team, is acceptable to me. Care may be taken that all selected Scientists are junior to the highest ranking Secretary in the Govt of India (currently in service) coz Vidya Gaurav should not lead to disagreements or conflicts of opinion, which can have possible potential for derailing or delaying the project.

Ref 4: <https://x.com/PrabhuBritto/status/1892462680104915225>

Your Holiness Pope Francis @Pontifex

In humility the following communication please.

While your Swiss Guard was reportedly rehearsing for ur funeral (Ref 3), we were here interceding for u with Ma Bagavathy & Ma Durga, for ur life and health (Ref 2).

As outlined in Ref 4, we were waiting for news of ur recovery, to record that Ma Bagavathy & Ma Durga have healed you.

You may be the Head of the Catholic Church, but to Ma Bagavathy & Ma Durga, u are also Her Child.

And I took such a huge leap of Faith, coz people don't usually accept good. It will take them time. You need to shake them out of their habit, so that they can think and accept good. So, I risked labelling as u as our First Celebrity patient, though we don't have the experimental setup established for tapping and applying the Radio/UV Signal of Ma Bagavathy & Ma Durga for healing the Universe. And hence, as declared in Ref 4, their grace upon u, was invoked via human consciousness fields.

Ofcourse, it was a huge risk that I was taking.

If any vested group felt that the credit of healing u, should not go to Ma Bagavathy & Ma Durga, ur life could even be put to danger.

So, I included the alternate clause of the unfavorable outcome in Ref 4, just to throw them off guard.

And they read it, and didn't understand the depth of communication to cause any harm to ur life.

So, now, in accordance with Ref 4. communicated to u on 12:03 PM IST · Feb 20, 2025, we hereby record that Ma Bagavathy and Ma Durga have healed your Holiness Pope Francis @Pontifex, and may this mark the beginning of fraternity across the entire world. May there be Peace and Love.

Now, your Holiness Pope Francis @Pontifex, its been too stressful. Can we unwind on a lighter note please? Would I be called as "Papal Divine Physician" or shall I request our beloved brother H.E. Shri @NarendraModi @PMOIndia to prefix my name with "Brahma rishi" and gift me a tiger skin?

Was a massive money laundering operation between Coimbatore & Canada tweaked to create headache to me by spoiling my career, family and family assets to do a hostile takeover of the "Search for the Radio/UV Signal of Ma Bagavathy/Ma Durga for healing the Universe"?

<https://x.com/PrabhuBritto/status/1896930216918024615>

Editorial

Your Holiness Pope Francis @Pontifex,

Was a massive money laundering operation between Coimbatore & Canada tweaked to create headache to me by spoiling my career, family & family assets to do a hostile takeover of the “Search for the Radio/UV Signal of Ma Bagavathy/Ma Durga for healing the Universe”?

Did the Bishop study and obtain his DD DCL or did he buy the DD DCL in the black market?

Did he commit a grave blunder by trying to hunt me down as collateral benefit? Ofcourse, he cannot be expected to know who a native is, who holds a mool nakshatra 3rd pada with Pisces Lagna and having earned the Sun and the Saturn in the 5th house as stars/strikes on his chestplate or shoulder straps with Ketu in the 2nd house and Jupiter ruling over an enemy house as “பகை வீடு கொண்டான்”, a native who has earned his position to sit on a tiger skin or hold a Brahma rishi title, after Sage Vashista and Sage Vishwamitra.

Ref: <https://x.com/PrabhuBritto/status/1895487248138973310>

On a lighter note, wouldn't it have been easy for the Bishop to deposit the money with the Vatican Bank and transfer it to Canada or was he cheating u also or was he sponsoring any antinational activity on foreign shores?

Incidentally, today is the eve of my mother's death anniversary also, coz when she died on Feb 28, 2001, it was also Ash Wednesday; and her maiden name was Bagavathy.

Regularization of sins, transparency and integration into society

<https://x.com/PrabhuBritto/status/1897534686039031851>

Editorial

Ref 1: <https://x.com/PrabhuBritto/status/1896930216918024615>

Ref 2: <https://x.com/changu311/status/1897408464609275911>

Ref 5: <https://www.cbc.ca/news/canada/edmonton/pope-francis-maskwacis-apology-full-text-1.6531341>

Your Holiness Pope Francis @Pontifex

Your esteemed attention is drawn to Matthew 6:24 RSVCE, which indicates that no man can serve two masters. Either he can serve the pleasures of the flesh or he can serve God in a moral way. Headaches arise only when someone tries to do justice to both pleasures of the flesh and service to God, one of the best examples being Ref 1. cited above.

Hence, to prevent such happenings, why don't we regularize sin and make it transparent? Why should absolution of sin be a secret? If sin was regularized, more money could have been laundered in Ref 1 above, and also prospectively in the Russian Ukraine War (Ref 3) , or in the Jew Holocaust also (Ref 4).

Only cause sin was not regularized, the Vatican may have to be embarrassed due to the Reichskonkordat, an agreement between the Vatican and the Nazi regime, that gave legitimacy to the Nazi regime, in other words, caused the Jew Holocaust indirectly. If such is the case, then if Hitler is accused of murdering millions of Jews, then the Vatican also has to shoulder equal responsibility over the millions of deaths. But unfortunately, the Vatican tries to portray as having holding a moral ground. Due that portrayal of moral ground, the Reichskonkordat is a pain in the behind, if more people come to know of it, it will stink more. And coz of the moral ground assumed by the Vatican, the Vatican also cant keep the Reichskonkordat inside the gastrointestinal system.

Now, lets consider a different alternative. Let go of the moral ground, and accept that the Church is also human, as much human as other members of the society. Then it will be accepted, that the Church can also sin and nobody will bat an eyelid, coz its just normal

Editorial

happening. But only when the Church tries to maintain a holy aura around it, forgetting that they only crucified an innocent man in Jerusalem, and to escape the prick of their conscience, formed committees and declared that man as the Son of God, and using European colonialism, pushed the theory into the far ends of the world. And in the midst of all of this, there come to light so many things that cause further embarrassment and even cause the Pope to apologize (Ref 5).

The difficulty arises only when a fair moral ground is attempted to be maintained in front of society, while at the same time, doing immoral acts in the dark.

So, my argument is, if sin is regularized, and if the illusion of moral ground is just let go, there's no headache na? So, to regularize sin, all it needs is transparency and hence reading the above paragraphs in conjunction with Matthew 6:24 RSVCE, I shall be humbled to propose to the Govt. of India, the "Regularization of Sin & Transparency in Religious (i) processes & (ii) places of worship Act 2025" in the near future.

It shall be the pleasure of the Govt. to introduce the suggestion as submitted, or further, enhance or reduce the submission and get it passed in Parliament and enact it into law with Presidential Assent. Once this model starts yielding fruit, the same model can be copied by other Nations too, and u can also heave a sigh of relief, coz no more situations will surface that might require ur apology.

I believe that your Holiness Pope Francis @Pontifex, having attempted to regularize so many aspects of the Church, would also bless this effort to regularize sin.

Suggestion to Govt. of India for “Regularization of Sin & Transparency in Religious (i) processes & (ii) places of worship Act 2025”

<https://x.com/PrabhuBritto/status/1897554757658583394>

May please be read together with Ref: <https://x.com/PrabhuBritto/status/1897534686039031851>

@NarendraModi Bhai, @AmitShah Bhai, @RajnathSingh Bhai, @NSitharaman Didi, Murmu Didi @RashtrapatiBhvn @JM_Scindia Bhai, @PemmasaniOnX Bhai and Dr @NeerajMittalIAS Bhai

In humility, the following submission please.

Money is the root cause of all evil in society, and has potential to cause more evil, when shrouded in secrecy. Hence, when transparency is introduced, the transparency by itself may cause a lot of evil to be curtailed.

Consequently, all finances in Religious processes and places of worship operating under the jurisdiction of the Indian territorial sovereignty will come under the direct control of the Govt of India. No money can be collected or used, except using the Govt. provided digital facility.

The digital facility will have a backend comprising of an AI based training model and also a hierarchical human facility comprising Govt. officials, drawn in based on requirement, including but not limited to a judicial panel comprising of eminent serving/retired judges of the Supreme Court of India (as the requirement may be).

The AI based training model will be built over knowledge based input provided by officials designated by various religions and law officers of the Govt. of India for this purpose.

Whenever money has to be collected from amongst members of any particular religion, the proposal (as a choice among various inputs) will first be entered into the digital facility provided by the Govt. of India.

Since, it's a pre-existing choice, it will be immediately matched with choices that can be approved. If it can be approved, a unique National approval proceeding will be generated and issued. When money is being collected, it will again be decided whether only members of that

International Journal of BioSciences and Technology (2025), Volume 15, Issue 1, Page(s):1-127

Editorial

particular religion can donate or members of other religions also can donate. Based on the approval, money can be collected only digitally, accompanied with biometric based authentication as in Aadhaar along with PAN number details (to track huge payments that can possibly mismatch with declared financial returns).

If money has to be spent, again, a proposal needs to be submitted via the digital facility, by choosing one amongst many previously approved choices. The AI backend will check, if the selected choice violates any of the particular recommendations of the related religion. If a penance is prescribed, then the prescribed penance can also be issued officially to the seeker, so that he can spend the money as requested, and coz penance is prescribed, can do the penance also to absolve himself off the sin.

Now, if the selected choice violates law, then the AI backend will check if an exact match is present in the database. If an exact match is present, the AI back end will present to a recommended judge for human approval, and issue the judgement also beforehand, so that the individual can decide whether to spend the money for that unlawful purpose and accept the predelivered judgement or to submit a withdrawal request for earlier submitted requisition, in which case, neither the money will be given to him, nor will he be required to serve the sentence, coz crime has not been committed. If he chooses to accept the judgement and go ahead with the crime, a suitable panel of govt. officers will be assigned to him, so that he commits the crime under govt. supervision, so that no other human is harmed due to his actions, and after committing the crime can surrender to the nearest judicial magistrate, to accept previously delivered sentence.

Wherever an expert opinion or judicial bench opinion is required, the AI backend will refer to the expert or judicial bench prior to approving payment of money.

Now, when there is complete transparency in the inflow and outflow of money, sin is regularized and will automatically reduce, as much as crime also.

The success of this method can be monitored over time, along with analysis of crime rate over previous periods of time, and if crime rate reduces, the Govt. may be pleased to help other Nations to implement it in their Nation too.

@NarendraModi Bhai, @AmitShah Bhai, @RajnathSingh Bhai, @NSitharaman Didi, Murmu Didi @RashtrapatiBhvn @JM_Scindia Bhai, @PemmasaniOnX Bhai and Dr @NeerajMittalIAS Bhai

In humility, the following submission please.

In furtherance of suggestion to Govt. of India for Transparency in Religious (i) processes & (ii) places of worship Act 2025, the following points may also be taken into consideration please.

There starts emerging a new terminology called religious extremism which is also attracting some good research initiatives. Religious extremism, is given chance to germinate, grow and yield undesirable fruits by virtue of the paradox in the establishment of religion locally. Ambiguities as in scope of service, limits of authority, etc. may contribute to the growth of religious extremism. However, for any state to be able to function in accordance with its Constitution, there can be only a sole authority in the form of Govt. formed in accordance with the Constitution. There cannot be an alternate authority that functions as a Deep State, with no legal validity, overarching zones of influence, secret money transfers, etc.

Consequently, Govt. and Religion may have to come to terms that Govt. will be the sole authority and Religion cannot usurp the State through shadow means. If Religion wants to

International Journal of BioSciences and Technology (2025), Volume 15, Issue 1, Page(s):1-127

United Nations
Educational, Scientific and
Cultural Organization

Editorial

play a part in governance, they have to register themselves as a Political party and go through the necessary procedure in law. However, if they register themselves as a Society and still have political ambitions, they will be forced to first create the actual problem that they profess that they are the solution. Usually, the problem might neither be actual nor existing in reality. It may be existing only in their minds. Consequently, they will have to bring the fictional problem existing in their minds into reality, and hence, there will be a lot of dramas or political narratives staged to ensure that the State believes that the problem actually exists. And the same religion benefits in a double way. When they create the problem, they benefit once. When they offer the solution, they benefit again. These benefits usually result in tangible money. Since they cannot accept in public that they made a fortune out of people's misfortune, they will have to find ways to stash it safely somewhere on the planet without anyone's knowledge. On a minimal scale, it may manifest as money laundering. On a maximal scale, it might manifest as religious extremism. However it is called, its all only money. And this arises only when Religion enters politics without declaring its political intentions. Hence, it is suggested that "Regularization of Sin & Transparency in Religious (i) processes & (ii) places of worship Act 2025" may please provide options for Religions to declare their political intentions and receive options for registering as a Political party, consequent to which, they should not indulge in religious activity but can only engage in political activity. However, if the Religion chooses to register only as a religious society, then they have to realise that they are banned from political activity, either directly or through proxies.

Ref 6: <https://insightcrime.org/news/interview/how-mexican-cartels-settled-canada/>

Your Holiness Pope Francis @Pontifex

Its been less than 72 hours that we discussed as in Ref 1 cited above than an Enforcement Directorate @dir_ed raid has happened in Tamil Nadu Ref 2, especially related to the DMK Minister in charge of the Kongu region within which Coimbatore falls and another DMK MP who runs a university and other educational Institutions. But the strange fact remains that apart from alcohol issues, some sort of terror investigation has also been kicked off. It seemed to be just a simple discussion, coz we talk everything under the sun and above the sun too in public. But when a complicated random long term seemingly-unconnected behaviour is observed, then have to apply the Chaos theory to connect Ref 1 and Ref 2. Now, if Ref 1 and Ref 2 are connected, there rises a million dollar question, whether the Bishop was financing the Mexican drug cartels that found their way to Canada Ref 6 or was he financing terror through the Canadian route Ref 4? So, was the Bishop such a fool that he thought that if he'd knock off my job and ensure that I don't get an academic job again in India, I'll join in with him and do money laundering for terror outfits and drug cartels? U know, ur Holiness Pope Francis @Pontifex, this is one of the first times in my life, that I feel proud for having opted to live on alms than to compromise with whoever was hitting me and live a life again, perhaps as a slave to them. I thank all those who helped me to have a morsel of food and a drop of water, coz its quite difficult to live 11 years without a job, just on alms. So, was the Bishop cheating God, you and the people and also himself by doing such a dirty job?

In humility, the following submission please.

Requesting emergency attention & approvals for the “Search & Application of the Radio/UV Signal of Ma Bagavathy/Ma Durga for healing” please.

In humility, the following suggestions are placed before ur esteemed selves for consideration and immediate action please.

- Immunity has been suggested as a concern in article cited above.
- Those who have already been affected may please continue their medical treatment.
- In the meantime, we can investigate for the Radio/UV signal of Ma Bagavathy/Ma Durga and beam the signals primarily using communication satellites across the entire length and breadth of the Nation. In the meantime, we can try to develop a prototype at the @DRDO_India, and after having successfully developed and tested the prototype, can go in for mass production of Radiation Therapy Equipment to serve in Govt. tertiary

Editorial

hospitals & interested private hospitals in every district in India through the @DRDO_India or we can rope in MSME's for the same.

- Among those who have already been clinically affected, whoever, wishes to enroll as a volunteer for testing, may be permitted to do so, with clinical support from the medical physicians treating them, so that their rate of healing can be clinically documented.
- Since the article claims that 54% of households in Delhi-NCR have been affected, its not sure whether the AIIMS Delhi will be able to directly participate in testing healing rate of the Radio/UV Signal of Ma Bagavathy/Ma Durga. Consequently, it is suggested to form a **Consortium of Hospitals across the Nation**, under the leadership of the nearest AIIMS hospitals, so that we can have a network of Hospitals across the Nation, where volunteers (who are already affected as per article referred above) can offer themselves for studying rate of healing of the Radio/UV Signal of Ma Bagavathy/Ma Durga. Initially, we can supplement them with clinical treatment, and when the confidence level of the doctor, the patient, and the clinical monitoring committee is high, the volunteer can be subjected only to the Radio/UV Signal of Ma Bagavathy/Ma Durga. This necessitates that we also form a **clinical monitoring committee comprising of the best doctors (who concentrate on research) in the Nation**
- Giving due consideration to the nature of the clinical conditions, as outlined in Ref above, I am humbled to reconsider the preparatory days recommended as 48 days in previous paragraphs to 48 hours or 108 hours prior to entering the Ma Bagavathy/Ma Durga Temple please.
- Since the Telecom Secretary is already on board, as a senior Telecom professional, he will know what all we will require to tap and handle radio signals, and consequently, on an adhoc basis, he can transfer equipment temporarily from BSNL or MTNL and the Finance Secretary also on board, may please help him. Emergency funds as required may please be cleared by the Finance Secretary and sent to a designated holding account of the Govt. of India.
- Nominations as suggested in previous sections may please be called for, for constituting the research team.
- It shall be the discretion of the @PMOIndia and @HMOIndia to expand the Interministerial Task force comprising of Senior Secretaries of the Govt. of India to include the Senior Secretaries of the following ministries, apart from the Secretaries of Finance, Telecom and Home who have already been roped in by the President's Secretariat.
 - Ministry of Agriculture & Farmers Welfare
 - Ministry of Animal Husbandry And Dairying
 - Department of Atomic Energy

@NarendraModi Bhai, @AmitShah Bhai, @RajnathSingh Bhai, @NSitharaman Didi, Murmu Didi @RashtrapatiBhvn @JM_Scindia Bhai, @PemmasaniOnX Bhai and Dr @NeerajMittalIAS Bhai

In humility the following submission please.

Was scouting for information, and landed on a retired @BSNL_CHTD Official, who assured me not to worry, coz all, that I was seeking, was available in-house. Since this is will be a Govt. of India project, and revenues will also go to the Govt. of India only, resources can be shared from Govt. Departments/Ministries and there wouldn't arise a need to spend money to create such resources. Under condition that I should NOT thank him publicly; the following knowledge was handed down to me. Since I've also agreed that someday in future, when H.E. The @PMOIndia gives me time to meet in person, I shall disclose his name to The @PMOIndia, so that he can be thanked by the @PMOIndia as per discretion of the @PMOIndia.

The setup proposed is a private telephone exchange network for the sake of the project to Detect & Apply the Radio Signal of Ma Bagavathy/Ma Durga for healing. Since it may be difficult to install a BSNL/MTNL BTS covering all three quadrants inside the sanctum sanctorum of the temple, it is suggested that a booster can be employed. The booster will also radiate identification signal, and hence it will be convenient to identify which booster is radiating the signal. Further, until testing and validation clinically, the radio signal of Ma

International Journal of BioSciences and Technology (2025), Volume 15, Issue 1, Page(s):1-127

Editorial

Bagavathy/Ma Durga, cannot be multiplexed with existing communication network, and hence, a separate base station (or in other words, a minimal lines telephone exchange) may be put up outside the temple. BSNL has got a Nationwide optical fibre network. Consequently, we may require to rent only one optical fiber (which may cost 20,000 rupees per year) and if we can bring in the hospital, within one kilometer distance from the temple, cost will not be high.

This means that we need to put up another base station or telephone exchange at the hospital site. Since the BSNL BTS is a Transceiver (both a transmitter and a receiver), until the Radiation Therapy equipment prototype is provided by @DRDO_India, we can use a BSNL BTS itself covering 360 degrees for irradiating the patient.

Once testing and clinical validation is complete, we can multiplex the Radio Signal of Ma Bagavathy/Ma Durga into the regular communication network, so that people can receive healing whenever they are communicating (these are the general public, who have not yet fallen sick and hence there may not be a requirement to heal them via controlled irradiation from the Radio Signal of Ma Bagavathy & Ma Durga), and the livestock, plants, animals, lands, water and the environment can receive healing via radiation from communication satellites.

There was a very strong intuitive feeling, that Ma Bagavathy & Ma Durga, being mothers themselves, will make it easy for us, but the difficulty that we faced, was identifying where was that easy part. Well, we've been led to it, and let's continue with the faith that our absolute surrender to Ma Bagavathy & Ma Durga, accompanied with our consciousness links, will make our further journey also easy.

The reason for suggesting BSNL/MTNL is that they are Govt. Departments, though branded as corporations, and it's easy to transfer resources just via paper work, while private providers may find it difficult to spare resources for this project, especially when the industry is too competitive. So, let's not burden private providers. We can use whatever resources the BSNL & MTNL have.

Cost effectiveness & Safety

<https://x.com/PrabhuBritto/status/1899083249361813921>

Ref: <https://x.com/PrabhuBritto/status/1898606434117701917>

@NarendraModi Bhai, @AmitShah Bhai, @RajnathSingh Bhai, @NSitharaman Didi, Murmu Didi @RashtrapatiBhvn @JM_Scindia Bhai, @PemmasaniOnX Bhai and Dr @NeerajMittalIAS Bhai

In humility the following submission please.

The cost effectiveness & safety of the aforesaid suggestions stems due to the following:

1. We are going to use only in-house equipment from BSNL/MTNL, implying that equipment that is in use currently, & consequently, it can be handled by current or past BSNL/MTNL employees. We do not have to train anyone in handling or use of equipment.
2. It shall be the discretion of the Govt. to provide a suitable over-time allowance or special pay for the employees of BSNL/MTNL who have arrived on deputation. Apart from their salary provided by BSNL/MTNL, they can be provided additional salary as over-time or as special pay for the days worked in the project.
3. It shall be the discretion of BSNL/MTNL, to provide current employees on deputation, or recall past employees who departed on VRS, with due consideration to prevalent workload and demands for service.
4. The research setup will be the property of the defence ministry and the defence ministry will be responsible for the safety of human and electronic and physical tangible assets and intangible assets – this is suggested to reduce sabotage and conspiracy.
5. Even if sabotage or conspiracy occurs, it is easy to analyse and find out, coz cash will be paid only in hand, and that cash can only be invested in gold or real-estate. Monitoring of gold purchases and real-estate transactions, construction and restoration of buildings can help to reduce sabotage and conspiracy.
6. It shall be the discretion of the Govt. of India to provide the radio signal of Ma Bagavathy/Ma Durga as a wellness signal for the normal population (other than

Editorial

patients) as a free service or as a paid add-on service along with their mobile recharge or post-paid subscription fees, in which case, the Govt. of India will have to evolve a suitable mechanism with mobile service providers for the provision of service and collection of charges. Care needs to be taken so that the multiplexed radio signal of Ma Bagavathy / Ma Durga into the communication network is not corrupted or adulterated by sabotage or conspiracy. Consequently, the Govt. of India may have to play an active role forever, in multiplexing the radio Signal of Ma Bagavathy/Ma Durga into the mobile communication networks.

7. It shall be the discretion of the Govt. of India to fix the charges for service and provide the radio signal of Ma Bagavathy/Ma Durga as a healing signal for patients enrolling for the program, based on clinical suggestion, post clinical validation and monitoring of rate of healing on sample population studies. Treatment at subsidized charges can be provided in Govt. tertiary hospitals while treatment at private hospitals can be provided at a premium charge, with revenue sharing between the hospital and the Govt of India.
8. Since the backbone will be a private telephone exchange network, which will later get multiplexed into existing mobile telephone networks, neither the device for irradiating patients, nor any part of the tapping set up can be bought or sold publicly in the open market, but will have to be bought or sold only by registered hospitals under govt. supervision. Proprietary rights to technology and its application will rest with the Govt. of India. This is done so that the Govt of India will have a perennial supply of revenue, which can be used in various ways for the good of the Nation.
9. Service to other Nations can be done on revenue sharing basis based on new or existing bilateral or trilateral or multilateral agreements
10. The Scientists serving on the research team will need to be paid a salary, and it shall be the discretion of the Govt. to reward them suitably, monetary wise and honor-wise, as they are willingly walking into the research team, with prior knowledge that their soul may depart happily from their body on encounter with Ma Bagavathy/Ma Durga to merge with the consciousness of Ma Bagavathy/Ma Durga.
11. The defence ministry personnel serving in the project, similar to the BSNL/MTNL personnel may be paid over-time salary or special pay for their days of service in the project.
12. Since the project relies more on consciousness links, there may not be much danger to equipment, but potential danger to humans cant be ruled out. Steps may need to be taken to provide safe, certified drinking water, satvik food & medicines to all who are working in the project, from the Scientists, to the defence personnel to the BSNL/MTNL personnel, or any other human who works in the project, coz chemical poisoning will

The Battle of the Civilizations for Supremacy of the Universe & the icy/watery/sandy graves of civilizations – a tale of love & sacrifice that many couldn't comprehend at all.

<https://x.com/PrabhuBritto/status/1899425743748350227>

@NarendraModi Bhai, @AmitShah Bhai, @RajnathSingh Bhai, @NSitharaman Didi, Murmu Didi @RashtrapatiBhvn @JM_Scindia Bhai, @PemmasaniOnX Bhai and Dr @NeerajMittalIAS Bhai

In humility the following submission please.

Every civilization that survived on the planet and on other inhabitable planets should have come to the same point that we have come now; a planetary damage beyond repair, that requires only divinity to repair it accompanied with the chance to gain supremacy over the universe as a reward. However, the latter part seems to have been misunderstood by many, as that supremacy that is achieved through bloodshed, sabotage and conspiracy; without realizing that that supremacy is short lived, and leads only to extinction of both the destroyer and the destroyed; for the Universe has not been built on destruction, though those vested groups that associated God with light had to inadvertently label pure energy as dark energy & got the entire narrative wrong. Contrast this with the Indian Gods and Goddesses who were dark or blue in complexion. We got the narrative right, that dark energy is pure energy.

Now, during the times that a civilization reaches or is about to reach its end, the knowledge is handed down. However, some groups went the extremist way. Some groups pretended that they were holding moral ground, and hence couldn't do wrong in public, and consequently thrived on sabotages and conspiracies that thrived in the dark; unbeknownst to the outside world. Its now come to us. The fate of our civilization and the supremacy over all other civilizations that exist in the 3 dimensional universe, and in higher and lower dimensions wait for us. If we don't perceive it correctly; then there's nobody else who can do it better. One day, our civilization will also meet its watery or icy or sandy grave, and some intelligent species that evolves after us will study about us through archaeological excavations. The civilizations that lie buried in watery, icy and sandy graves are testimony to the above. We can now choose to uplift or heal our civilization and other civilizations; and through the knowledge that

International Journal of BioSciences and Technology (2025), Volume 15, Issue 1, Page(s):1-127

Editorial

Ma Bagavathy/Ma Durga hand down to us, heal other Civilizations also in other parallel universes and higher/lower dimensions. Since Ma Bagavathy and Ma Durga have played a very significant role in the creation of the Universe, it is assumed that they possess the knowledge over the various systems of quantum equations that hold the Universe together; and when we try to serve mankind and all lifeforms, nature, the planet and the Universe through the Radio Signal of Ma Bagavathy/Ma Durga, we can be sure that the knowledge of the entire Universe, and its key constructs will be revealed to us, which can even usher in quantum transportation/quantum teleportation too, across various universes and dimensions. Since healing or giving life is similar to creation, and since we will be assisting Ma Bagavathy and Ma Durga in their work in the Universe, we can be sure that our effort will bring in a golden era in the history of the planet, and milk and honey shall flow down our rivers again. Since the Universe is held together through love and sacrifice, our efforts in healing the entirety of the Universe will give us the Supremacy of the Universe. Stated in other words, one day, all of us would have to shed our human body and continue in our consciousness journey, and there, @NarendraModi Bhai, u will find ur chance to stand as the Sun in a new solar system, in an infantile universe, and @AmitShah Bhai, u will find ur chance to stand as the Jupiter/Venus in the same or different solar system, if we pull this straight. And as far as I'm concerned, I'm tired of my extra lives through rebirths (as indicated in my kundli), to the point that even if I'm hit by a running heavy vehicle or poisoned, still I keep coming back alive. Did u know that the neurosurgeon who examined me after the bus ran over me in 1990 declared me dead at the spot of the traffic accident near his clinic, and was surprised to find that its me, alive and receiving treatment in his own department at the Govt. Medical College hospital at Coimbatore after a few days? This life is itself an extra life for me, and in this one lifetime, I've already died 12 times, once run over by a bus, and 11 times poisoned; and I may be held to live just to get this work completed. I'm also tired of my extra lives, and I need some rest and a good sleep in the arms of Ma Bagavathy and Ma Durga, as a child. So, let us bring the entire planet together in the effort to tap Ma Bagavathy /Ma Durga as a Radio Signal and consequently heal all of mankind, all life forms, nature, the planet and the universe. The money that we may earn through the project may be massive, as measured in human terms, but considering the quantum of service that we do to the Universe, it will be a mere pittance compared to the quantum of our service. So lets start the project and we do have three major transits that will assist us in our journey, viz., the Saturn Transit followed by the Rahu-Ketu transit and the Jupiter transit, all of which are major transits, each one of which we can tap into, for the success of the project. And as I write this, today afternoon, I've dozed off multiple times, coz the early summer heat in Coimbatore post the Maha Shivratri, suddenly seemed cooler, and while I just conclude this write up, its raining. The affections of Ma Bagavathy & Ma Durga, pouring down as rain, providing respite from the summer heat to all life forms and

nature, a sign from the Divine Mother, that we are travelling in the right way only, though the world, might not agree with us, at this point of time in history, though they will agree with us after we tap the Radio Signal of Ma Bagavathy & Ma Durga, and realize that these Radio Signals heal all types of diseases, right from cancers to genetic disorders to rare diseases including pandemics.

In humility the following submission please.

Today's writeup is only meant to help people to think and is not meant to cast any allegations against anyone in specific or in general.

From Ref2. Lets take up the phrase “high population northern states”. Can we examine what were the benefits to Tamil Nadu due to highly successful family planning of the past few decades. On one aspect, family expenditure reduced due to reduced family members. Meanwhile, it needs to be seen who profited out of the sale of contraceptives, over the counter drugs, abortions, late terminations of pregnancy etc.? Also include the mushrooming of IVF Centers across the state, coz lifestyle changes have happened in the past few decades due to small nuclear families, and people are more interested in their passion, career, etc. that many are unable to find time to expand the family and are consequently forced to choose assisted pregnancy and surrogate uteruses. Again who profits out of these too many in number IVF Centers? Now, did Tamil Nadu join India only in the past few decades or was Tamil Nadu a part of India on Independence day itself? So, Tamil Nadu knew that the procedure followed by the Govt. of India was sharing resources based on population. Do we need to believe that Tamil Nadu was so ignorant when they pursued an aggressive family planning campaign that one day, the state population will be so low that resources shared by the Govt. of India would also reduce? Now, please read again. Tamil Nadu benefitted out of an aggressive family planning policy, due to various business processes associated with the aggressive family planning

Editorial

policy, and again Tamil Nadu benefits out of business processes associated with assisted enhancement in expansion of family through IVF centers. So, they benefitted when creating a problem of low population, and they are benefitting when a solution to the problem of low population is getting addressed. And instead of discussing this, where is the issue made to start? On a simple concern of changing the rupee notation. Well, if the rupee is denoted as per the Govt. of India or if the rupee is changed and denoted as per the Govt. of Tamil Nadu, is there going to be any appreciation or depreciation of the rupee against the Dollar or the Euro? So, an unrelated unsequential concern is created. People start talking about it, as if due to this change, the whole economy is going to improve and the stock exchange is going to overflow. Even the Finance Minister is forced to react, to contain the dialogue from going haywire. But where does it come, to Center-State revenue sharing pattern. And the VIP concerned with Ref 2 has been the State Finance Minister, an erudite scholar, with higher academic degrees from world renowned universities. Doesn't he know what's the solution to it? But instead of discussing a solution, he tries to discuss a problem? Now, please read Ref 1, followed by Ref 4. If the reader's mind offers a surmise that the issue regarding the rupee notation, and the discourse following it, leading to the concern of Govt. of India sharing revenues with northern states and Tamil Nadu, with probable effect of stoking up people's emotions, all seemed to be connected, and that its one religion having close ties with the political party ruling Tamil Nadu as causing this as retaliation for Ref 1 and Ref 4; then, I would want to draw attention of the reader to the opening statement of today's write up that "Today's writeup is only meant to help people to think and is not meant to cast any allegations against anyone in specific or in general." This is how the story has been going on since independence, and this is how the story will also go on, until the Suggestion to Govt. of India for "Regularization of Sin & Transparency in Religious (i) processes & (ii) places of worship Act 2025" is brought into force (a) through Parliamentary processes or (b) through emergency ordinance, to enforce public peace and later followed up by Parliamentary processes.

In humility the following submission please.

A slow reading of Ref 1, followed by Ref 2 and then again reading Ref 1 is suggested please.

Everything is self-explanatory.

Let us prepare to welcome Ma Bagavathy & Ma Durga as the **New Dark Matter at the Heart of our Galaxy**. Isn't it appropriate that the Mother Goddess appears at the Heart to connect all hearts to heal, consequently causing the body to heal? Please read Ref 3.

For those who have difficulty in understanding, let me illustrate with an example. How many times have we thought of eating sweet and entering home, find that our biological mother is just about to complete making our favorite sweet in the kitchen, and the rich aroma of the sweet enchants its way through the home to the door which we are just entering?

If our biological mother can sense what we wish, and prepare and give it even before we ask, how much more would our Mother Goddess prepare and give even before we start to ask Her???

Thanks to God. Thanks to Devi.

Editorial

A reading of Ref1 and Ref 2 above together with

Ref 3: <https://www.msn.com/en-in/money/topstories/strange-signals-detected-from-milky-way-s-heart-may-reveal-a-new-dark-matter-type/ar-AA1AQwWQ?ocid=msedgdhp&pc=U531&cvid=1bd123a68d7c444fb4ca0331396b2aeb&ei=33>

Might provide understanding that a new dark matter is found at the heart of the Milky Way Galaxy. Your Holiness Pope Francis @Pontifex At a time, when ur Swiss Guard was rehearsing ur funeral, we were here interceding with Ma Bagavathy & Ma Durga for healing you, and what followed has been truly magical as in Ref 1. Dark matter may have always been mysterious to western scientists coz of the narrative that God is light and evil is dark. Dark matter, when viewed through Indian Epistemology, identifies itself as the God particle, for it self-annihilates to provide a massive amount of energy that can even bind two drifting galaxies together. Hasn't love & sacrifice come in now? Lets have a brief look at

Ref 4: <https://x.com/PrabhuBritto/status/1899425743748350227>

And return please.

Now, the reason why u are brought in, in such a narrative is perhaps that, as head of the Catholic Church, u can play ur part in helping to bring about fraternity, much lacking in the world right now. So my hypothesis is that, the one who was hunted by your Bishop for a very long time, the one whose mother's clan shed precious drops of blood over many generations, refusing to give up their ancient Indian religion, should also be the one who has to intercede for u. It happened, and She descended in Her pristine glory, sending in a small part of Herself as a new dark matter into the Heart of the Milky Way Galaxy, releasing massive amounts of energy (a matter of love and sacrifice), which energy passed by undetected or unidentified by most of the Radio Telescopes of the Developed western world, to reach u, unnoticed unidentified and undetected, to heal you, so that u will stand with us, in our initiative to heal the Universe through the Radio Signal of Ma Bagavathy or Ma Durga. If I've been discussing this topic with u in public, without any fear that the technology/concept can be stolen, then it means that I'm aware that nothing works until the chosen one, a child of Ma Bagavathy & Ma Durga causes the invocation to fulfil and then She rushes in. And the above discussion stands testimony to that understanding. The record that u were healed due to the grace of Ma Bagavathy and Ma Durga had to be created, and hence it happened in the way it happened. Else, there were countless chances, permutations and combinations that could have caused it to go haywire, but it went as planned by Ma Bagavathy & Ma Durga. Also, u'd have noticed that when some writeups are written and sent, they are supported by events that happen after having writing and sending; which implies that these are but small parts of a huge Divine plan. Ok, I have to write to my brothers and sisters here in India, and I shall continue to them in the next paragraph please.

International Journal of BioSciences and Technology (2025), Volume 15, Issue 1, Page(s):1-127

Editorial

@NarendraModi Bhai, @AmitShah Bhai, @RajnathSingh Bhai, @NSitharaman Didi, Murmu Didi @RashtrapatiBhvn @JM_Scindia Bhai, @PemmasaniOnX Bhai and Dr @NeerajMittalIAS Bhai

In humility the following submission please.

Your esteemed attention is drawn to the closing lines of the previous paragraph, that argues that it is quite evident that when some write ups are written and sent, they seem to be followed up by events that support those writeups, which indicate that this could be a small part of a huge Divine plan.

Lets have a brief look at Ref 4 and return please.

Ref 4: <https://x.com/PrabhuBritto/status/1899425743748350227>

Understanding that it's a part of Ma Bagavathy & Ma Durga that has descended as dark matter, energy may be released according to an equation similar to $E = mC^2$, where C is not the Einsteinian constant for the speed of light, but is a quantum constant that indicates the speed of the cosmic particles of Ma Bagavathy & Ma Durga. Now, imagine the amount of energy that is going to be radiated. May I request you to please re-read this entire file from beginning, with specific reference to the amount of energy that can be radiated by Ma Bagavathy and Ma Durga, a small fraction of which, we are going to use to heal the Universe, the rest that can be tapped and applied to provide energy to the entire planet, from residential to industrial purposes, to transport, to space travel, etc. The very fact that Ref 3 has gone undetected & unidentified by a majority of the developed western world, is indicative of the fact, that the chance is now given to us – the Supremacy of the Universe, through love and sacrifice. Ofcourse, I can say, its upto u to decide to take it up, as the Govt. of India, but I wont say it, coz I'm already too tired with my extra lives as per kundli, and extra lives beyond traffic accidents and poisoning. How long can I carry on, just for the sake of completion of this and hand over to Ma Bagavathy & Ma Durga? Lets complete it, heal the Universe through the Radio Signal of Ma Bagavathy & Ma Durga, and all of u, reap rich rewards from Ma Bagavathy and Ma Durga, and I get some rest in the arms of Ma Bagavathy & Ma Durga as a Child.

To my understanding, the Radio Signal of Ma Bagavathy and Ma Durga may hatch on to the consciousness of the heart, heal the heart first, and then through it, heal the entire body. Rephrased, Ma Bagavathy & Ma Durga are gathering up to themselves, not only the human race, but all lifeforms, all of nature, the planet and all of the parallel universes and their higher and lower dimensions; so that the entire creation of Hers, is joined by Her love, and all stand together as Her Children. Lets coat the entire Universe with the Love & Affection of Ma Bagavathy & Ma Durga. Humbled are we, that Ma Bagavathy & Ma Durga chose us, amongst so many crores and crores of alternate choices.

Shall request my nominee to contact u for invocation to Ma Bagavathy & Ma Durga for the project, in case I get killed

<https://x.com/PrabhuBritto/status/1900952537886540140>

Isnt this happening as evidence and previous investigations sufficient to bring in the “Regularization of Sin & Transparency in Religious (i) processes & (ii) places of worship Act 2025” ?

Once this act is passed, its believed that there will be good bonhomie between the BJP and the DMK, and there might be a coalition govt. in Tamil Nadu too, with a DMK Chief Minister and BJP Deputy Chief Minister in year 2026.

Ref 1: <https://x.com/PrabhuBritto/status/1896930216918024615>

@NarendraModi Bhai, @AmitShah Bhai, @RajnathSingh Bhai, @NSitharaman Didi, Murmu Didi @RashtrapatiBhvn @JM_Scindia Bhai, @PemmasaniOnX Bhai and Dr @NeerajMittalIAS Bhai

I hope u now have hands on evidence and motivation to introduce “Regularization of Sin & Transparency in Religious (i) processes & (ii) places of worship Act 2025”

If u want to wait so that things are made to boil over further, so that u can have a discussion in Parliament, fine then, let it be so.

Personally, I myself know many who have been paid secret money to cause headaches to me, and they have suddenly been buying gold, constructing / repairing buildings, buying lands etc. If u want all of them to shed their masks, and draw their daggers out, so that u can catch them enmasse, fine, go ahead. I wont let u down. I'll stand with you. Coz this has been a headache for the Nation, even during the days of the British empire spilling over to the post Independence period of the Nation also. Religion cannot be a Deep State, running a

Editorial

parallel Govt. of India, indulging in money laundering minimally to religious extremism maximally, and causing trouble to all those who don't fall in line with them.

I've done my duty, and the project is with you. In case, I get killed, u have my word that I shall beseech Ma Bagavathy & Ma Durga that they may be pleased with the invocation from my nominee, who is currently a minor, and wears the sacred thread and knows to chant the mantras. Please go ahead with the project. Shall request my nominee to contact u for invocation to Ma Bagavathy & Ma Durga for the project, in case I get killed.

I knew that they'd call a shut down, when they realise that its no use hunting me further. So, I ran quite fast, and ensured that I completed all that I had to do, and share all that I had to share with u.

Pls go ahead. May Ma Bagavathy and Ma Durga stand with you.

Jai Hind.

Your Holiness Pope Francis @Pontifex

In humility the following submission please.

I had approached ur esteemed presence to restrain ur bishops from interfering in my life for the past 11 years directly and 25 years indirectly (just to take over a project related to divinity, of which they had no idea about, and which does NOT fit the Christian narrative, but gels perfectly with the Hindu religion – the basic premise is that, a blessing or grace, that transcended many generations on my mother's clan will attach better with the Hindu religion, coz all of them were Hindus primarily, and my father instead of marrying my mother through the Special Marriage Act or Hindu Marriage Act, chose to marry her through the Christian marriage act, with some special permissions from the Bishops, which actually became similar to inviting the devil into the family)

Ofcourse, I have to appreciate ur Bishops for their in-depth knowledge of occultism, which sometimes leads to the question whether ur Bishops worship God or the Devil, for they have manytimes, found to have meted out aggressive inhuman treatment to those whom they wanted down or tamed.

There's no point in discussing my clans suffering at the hands of ur Bishops, coz many of them have been killed too many years ago, and their families have already suffered a lot, and no remedy can compensate their suffering; my mothers suffering at the hands of ur Bishops, resisting their physical advances, coz she's dead 25 years ago, and no remedy can be given to her. Again, there's no point in discussing my suffering also at the hands of ur Bishops, coz no remedy can be given to me also; and I have to just leave it at the hands of God and move on. So, I've informed the Govt. of India that they may receive details of my nominee for invocation of

International Journal of BioSciences and Technology (2025), Volume 15, Issue 1, Page(s):1-127

United Nations
Educational, Scientific and
Cultural Organization

Editorial

Ma Bagavathy & Ma Durga for healing the Universe; after ur Bishop kills me directly or through proxy individuals or organizations or proxy political parties or proxy governments and also requested the guardian of my nominee to effect it after my death.

But I'm here for a different reason. I have highlighted as in references above, how money laundering at a minimal extent and religious extremism at a maximal extent cause havoc to society and the need for legislation to effect transparency in religious processes and places of worship through new laws.

But when I turn back and see, the aggression of ur Bishops seem to have been multiplied, operating through proxy, perhaps coz they are shocked at being exposed after many centuries of wrong doing but still being held to high esteem, coz none knew what they were actually doing in the dark.

What is the need to arrest so many through one division of law enforcement when another division of law enforcement is already looking into it?

Quote from Ref 5: "The protest was organised in the wake of a sweeping probe by the Directorate of Enforcement (ED), which has uncovered what it describes as a sprawling corruption network within TASMAL, implicating state officials, liquor distilleries, and bottling companies in an alleged Rs 1,000-crore financial fraud."

Are the Bishops worried that unearthing this aforesaid investigation by the Enforcement Directorate might lead to them, and they might lose face in front of you? Well, if they wanted to keep a clean face, they shouldn't have indulged in it at all. Maybe did they think that the money will go to them and the blame will go to the DMK, and while the DMK and the BJP battle it on the streets, ur Bishops can enjoy the ill-gotten money in the safe confines of their Bishop Residences?

My concern here is not the money laundering done by ur Bishops through proxy. My concern is my brothers and sisters battling out in the streets, a battle in which, they are neither the aggressor nor defender, but both are victims, both have been cheated and none realizes it. I have to illustrate a real-time example, and I also had a word with the concerned individual prior to writing this. My brother under influence of ur Bishop, sold away part of the family asset, and a pathetic individual, who had sweated out his entire life in the merciless weathers of dubai, working in their ports, bought it. The sale may not have been clear in the eyes of the law. If I had aggressively wanted it back, I could have caused legal trouble to the buyer through various suits in court. If the buyer, wanted to finish off the ever existential threat of me (who can contest the sale anytime), he could have also taken aggressive measures. Initially, the relationships went sour, but after a time, he also being quite old in age, and having seen the hardships in life, and also understanding the inhuman suffering meted out to me over many years in continuity, offered to bring food from his home, and since that day to this day (except for the days that his wife, who is also comparatively as old as him, is sick), brings food, so that I

Editorial

shouldn't die of starvation. If we wanted, we could have stood against each other to the finish. But reason prevailed, and I should say, that he is quite reasonable than my actual brother, coz he also stands as an elder brother. What ur Bishops didn't see, he saw, a human in me, and I wished him well.

So, I'm not here advising from the Book but I'm advising from life itself. If I can do it, then my brothers @MKStalin & @Annamalai_k can also find reason and tone down their ideological differences so that the people don't get affected. Its ok to have ideological differences and to stand by them, but also please consider the plight of the people who should not get affected when the ideological battle spills over to the streets.

And as head of the Church, I would request your Holiness Pope Francis @Pontifex to please advise ur Bishops, priests, religious and laity, to stop indulging in creating communal disharmony to suit their own financial ends.

Anyways, thanks to ur Bishops for providing so many realtime examples that provide better foundation for the proposed transparency in religious activities and places of worship act. Closing with request to my brothers @MKStalin & @Annamalai_k to tone down their ideological differences so that people don't get affected and it rains again in Coimbatore now (at 17:37 pm IST), as I conclude this write-up, blessings from Ma Bagavathy and Ma Durga, providing relief to all life forms and nature from the sweltering early summer heat.

Editorial

We have been able to cover some ground that suggests a “Regularization of Sin & Transparency in Religious (i) processes & (ii) places of worship Act 2025” but today, we may seem to have hit upon the actual necessity for the aforesaid suggestion for the act.

Your esteemed attention is requested to the above references please.

Today we are able to understand a new reason that could be the basis for all wrong doing that might manifest as money laundering minimally and as religious extremism maximally. Today we are stumbling across a term “ambiguous sovereignty”, a coordinated result of carefully placed words in religious literature that actually challenges the authority of the Govt., in which case, neither the Govt. will be respected nor the law will be respected, and we have just a mayhem.

Im thankful to the local tailor who illustrated it to me. Met the local tailor in the neighbourhood while I was returning from my morning walk today. Shared a amusing titbit with him, that the villain that we were searching was the Bishop himself and we were looking everywhere else. He argued with profound sincerity, when Bishop is here in the Kingdom of Coimbatore, how can I go and approach the Kingdom of Rome? He was trying to tell me that I shouldn't have engaged with His Holiness Pope Francis @Pontifex. Now, wait a minute, I got lost. Waved him a smile and returned home. A mother cat was waiting for me at the door for serving food to it. Perhaps she was hungry after feeding the kittens. Asked her to wait for a minute, so that I can open the door, go inside and fetch her cat feed, as if she understood tamil or I understood cat language, but still she waited. I brought cat feed for her, and served her. Only then my bulbs lit up. The cause of the ambiguity is the carefully selected phrase in religious literature as “the Kingdom of God”. And coz of the marketing that their God was a loving God who forgave all sins, they have been able to attract towards themselves, people, who primarily sinned or violated the law, without even realizing the differentiation between sinning and breaking the law, coz their God was always there forgive everything. Ofcourse, God cant blamed, but only those people who neither learnt nor understood theology properly can be blamed, but it suited the organization to have this ambiguity, and this is where the Bishop becomes the king of the districts under him and the priest becomes king of the neighbourhood and together, we have a set of smart people, who love to sin (or break the law) and love to be forgiven. Either, the religions have to remove the ambiguous phrases as “kingdom of God”, and acting as kings and emperors or Princes of the Curia, or the people have to be taught that as long as they are alive and as long as they are citizens of a nation, its only the Nation that is the Kingdom, and no alternate Kingdom exists physically. Now, we have a lot of work to be attended to, and do u think that its possible to wean away an understanding that has been carefully planted in the minds of the people for many centuries? So, we are now zeroing on to the “Regularization of Sin & Transparency in Religious (i) processes & (ii) places of worship Act 2025” or, an easy alternative would be to label the Nation as a Hindu Rashtra, so that no other Rashtra

Editorial

ambiguity arises. Ofcourse, the Govt can take a call on this matter regarding the way to be followed or find a better solution too, but its high time that the Govt. takes note of this concern and attends to it at the earliest, for religious dictums seem to have more weight than the actual weight of law, and its not safe for a Nation to have an alternate dictum than that of the dictum of law. I hope the @NIA_India will agree with me, coz we may sit in the comfort of our homes or offices, but its only the @NIA_India that bears the brunt of the heat, investigating terrorist activities, falling under religious extremism, committed by uneducated people, who don't even realize that only the law is paramount and a religious head does NOT hold any extra-constitutional authority above the law.

Ref 1:

<https://www.investopedia.com/terms/m/moneylaundering.asp#:~:text=Money%20laundering%20is%20essential%20for%20criminal>

Ref 2: <https://www.freepressjournal.in/india/tasmac-liquor-fraud-ed-exposes-massive-1000-crore-liquor-scam-in-tamil-nadu-dmk-minister-others-under-investigation>

In humility, the following submission please:

A Consequent understanding that we have arrived from previous discussions is that people love to sin, love to be forgiven, love to violate law, and love to be forgiven for that too, without even understanding or refusing to understand the clear differentiation between sin and law.

And in this entire confusion, they end up as mercenaries for money laundering. Now lets look at the concept of money laundering. Whether mules are used to transfer money or money has been transferred through various other illegal means, there remains a hidden cost in transfer, and also, some portion of it has to be left behind in foreign lands. Now, a question arises, why should that portion of that money be left behind in foreign lands? Why cant that money also come back to India? Ofcourse, we cant create a forgiving God and indoctrinate the people in competition, for it will take us more than a few centuries to wean them away from previous indoctrination and make them accept our indoctrination. So, an easy option might be to Institutionalize Corruption under the GST Act.

Why not levy 50% GST for Corruption? For example, if u need to bribe someone 10 lakhs, u can deposit 5 lakhs into the GST Account and give 5 Lakhs to whoever is demanding the bribe, along with receipt of 5 lakh deposit to GST Account, and the who is receiving the bribe, can also report the bribe in his/her income tax returns.

Let us consider Ref 2 for discussion. The point to be taken for consideration is not whether it's a 1000 crore scam or a 1 lakh crore scam. But how the money was routed. U can be sure that some portion of it was left behind in some foreign nation or enjoyed by some foreign agent/organization. Instead, why cant we levy 50% GST on the scam? Ofcourse, we cant

Editorial

encourage the scam and people should not think that we are making hay when the sun shines. So, let's consider two options. First option, those who do the scam can self-report it for 50% GST, pay the GST and clear their name off wrong doing. Second option, those who do the scam don't self-report but get caught by some investigating agency, in which case a penalty of an additional 500% kicks in accompanied with a service holiday period of 6 months.

Assuming it's the political party in power in Tamil Nadu, which does the scam and self-reports it to the Govt. of India, in which case, they can pay 50% GST fees and streamline things. But, if they haven't self-reported but get caught by any Governmental law enforcement agency, they have to pay 550% GST and take leave (not suspension) for 6 months (to pay the money), in which case, the Govt. of India can choose to run the Govt. of Tamil Nadu directly from Chennai (as in the British era, when the British Governors had summer and winter capitals) or send in a team of senior secretaries to assist the Tamil Nadu Governor during that 6 month period. Assuming that the party running the Govt. in Tamil Nadu, pays the 550% GST in 6 months, they can resume office after payment of the 550% GST, and this holiday period will be compensated to them at the end of their regular period of governance prior to the elections, with election code of conduct in force. In simple terms, the amount of time taken as holiday period to pay the 550% GST is returned back to the party in power, at the end of the regular period with one exception – with a valid election code of conduct in force. Of the 550% GST received, it will be fair and just for the Govt. of India to accept 100% GST and return the 450% GST received as incentives or awards, from the investigating agency that brought this scam to light, to the last informer in the queue. The long term effect of this is expected to be a counter corruption force that works against foreign agencies and their mercenaries who attempt to destabilise the Nation and its Economy. If foreign agencies can pay our people to do corruption, then from the same corruption money, we can pay our people to stand against corruption. We need to remember that, a knife is a knife, but when they use a knife to do bad, we use the same knife to do surgery to save lives. But, u know, foreign agencies, will be paying our people only a pittance, while we will be giving our people generously.

Now, assume that the Tasmac Scam to a maximum is 1 lakh crore. That means, they can take a holiday period of 6 months to pay back 550% GST, which is 5.5 lakh crore. In that 6 months holiday period, where will they go for money when they are not running the govt.? They have to go back to whoever wrote the script and directed the show for this scam. Now its money. Do u think that the author of this scam and director of this scam will pay back 5.5 lakh crore in lieu of the 1 lakh crore that they collectively collected? No, they wont, and quarrels among them will start, which will slowly start eroding into the corruption network. In the holiday period, the Govt. of India will be running the Govt. of Tamil Nadu from Chennai either directly or indirectly through the Governor and a special team of senior secretaries of the Govt. of India. Also, this holiday period will provide a chance for the Govt. of India to effectively

United Nations
Educational, Scientific and
Cultural Organization

Editorial

sideline the members/officials of the corrupt network and bring in clean officials in the same positions. Next, assuming they are able to pay back in 6 months, 5.5 lakh crore, they resume office as Govt. of Tamil Nadu. In case they aren't able to pay back, they can take an extended holiday period of another 6 months. Now, whatever holiday period is taken by them, is returned back to them. Assuming elections are due in May 2026 and they took a 6 month holiday period, then the 6 month holiday period is given back to them, with an additional clause as election code of conduct in force. Assuming that election code of conduct might be in force covering a period of 30 days prior to election day and extending to election results announcement date, for instance from April 2026 to May 2026 upto election results date. In this case, it will just get a 6 month addition, that is, election code of conduct will be in force from April 2026 to Nov 2026 upto election results announcement date. If they take a 1 year holiday period to repay 550% GST on scam, election code of conduct will be in force from April 2026 to May 2027 upto election results announcement date. This is hoped to restrain corruption on a large scale. If foreign forces, tamper with our laws to find loop holes and create a corruption network, then we should have the same merit to enhance our laws to seal the loop holes and create an anti corruption network. Now imagine, when 4.5 lakh crore as 450% is going to be returned as reward from the investigating agency, down to the last informer, do u think that they will attempt any scam again?

Suggestion: Special Parliament Session to discuss declaration of Financial Emergency under Article 360.

<https://x.com/PrabhuBritto/status/1902777417154040105>

@NarendraModi Bhai, @AmitShah Bhai, @RajnathSingh Bhai, @NSitharaman Didi, Murmu Didi
@RashtrapatiBhvn @JM_Scindia Bhai, @PemmasaniOnX Bhai, Dr @NeerajMittalIAS Bhai,
@AshwiniVaishnaw Bhai, @Murugan_MoS Bhai, & @MIB_India

In humility the following communication please.

Your Excellencies might be aware of the public discourse on social media and youtube regarding the Tasmac Scam in Tamil Nadu.

However, the reach may be very much limited. Public protests to raise awareness over the concern may be stifled by state law enforcement agencies, as they are bound to obey orders issued to them.

When the State Govt. itself could be under suspicion of having staged the scam, then the State law enforcement agencies cannot be blamed, as they have to obey the orders issued to them.

Under such circumstances, it may be prudent to change the battlefield to Delhi instead of Chennai, coz the Delhi law enforcement agencies report directly to the Union Home Ministry and not to the Delhi Home Ministry. Public discourse on the Tasmac Scam can be encouraged at Delhi.

Further, if we look at the period post independence till now, the Media has been dominated by the likes of the Stalwarts & Giants such as Prannoy Roy, Rajdeep Sardesai, etc. So, the entire public discourse on the Tasmac scam cannot be laid on the shoulders of a very few media personalities, pitting them against the mammoth Prannoy Roy, Rajdeep Sardesai etc., coz the Tasmac scam might possibly be the tip of the iceberg too, which can be commented upon only after the investigations are complete and chargesheets are filed.

Further, this is also the time, to identify new and budding talent and encourage it, in the interests of the Nation.

Perhaps, the Information & Broadcasting Ministry can screen some potential public discourses on social media and youtube, identify, potential or budding media personalities and provide them a chance to present their views as a guest in Parliament, that can be requested to be convened by a quorum of one tenth of the total members in Parliament, under Article 360, to debate if the Tasmac scam qualifies as a Financial Emergency. Why cant we have the common man speak out in Parliament against Corruption?

Editorial

Further, a change of location of battlefield also has its own advantages. Let me illustrate from my own life experience, though mine might be quite lesser than yours. I was knocked out of my job, ensured that I don't get a job anywhere else. I suspected that battle lines would have been drawn to knock me out, if I do any start-up venture also. So, I was just trying to make headway in limited space and got an academic job in Hyderabad. Again, pressure was given to that Institution to request me to resign, and they had no other option than to succumb to pressure. Once I was brought back, money was paid to too many people to cause headaches to me. I was amazed to understand that they were pitting so many sparsely educated people against me. Only then, I realized that they were trying to shift the battleground to the streets, from the board rooms that I was acquainted with. I refused to fight on the street, and kept on moving forward, in the very limited space that was left available to me. Now, I may not have made it to the same board rooms that I was once acquainted with, but I am now permitted into very high carpeted corridors of power and I am humbled by the grace exhibited by some of the highest authorities of the Nation, in granting me a chance to share my views. And, I find that in this forum, those that hunted me, haven't been able to follow me or charge ahead of me. So, it was the change of battleground, that gave me back my dignity and my honor, though I might still live on alms only, coz its better to live on alms than do wrong to earn money, when we are completely blocked out and bundled into a corner with no space to breathe even.

Hence, in humility, I suggested that your Excellencies might also consider a change of battlefield location from the streets of Chennai, to the hallowed halls of the Parliament, where, u can have ur dignity and honor and serve the people in ways far better than at Chennai.

Suggestion: Proposing the Radio Signal of Ma Bagavathy / Ma Durga for universal de-addiction, including de-addiction from alcohol and substance abuse.

<https://x.com/PrabhuBritto/status/1903748759210586499>

@NarendraModi Bhai, @AmitShah Bhai, @RajnathSingh Bhai, @NSitharaman Didi, Murmu Didi
@RashtrapatiBhvn @JM_Scindia Bhai, @PemmasaniOnX Bhai, Dr @NeerajMittalIAS Bhai,
@AshwiniVaishnaw Bhai, @Murugan_MoS Bhai, & @MIB_India

In humility the following submission please.

The Social Media Narrative on Youtube, seems to yield a significant understanding, that a large percentage of the population is addicted to alcohol. So, even if the current Tasmac Scam is investigated, and various proceedings in accordance with law is staged, and even if the guilty are punished, still, the potential value of scam in Tasmac still remains, and that will be a point of attraction to any political party in power in Tamil Nadu.

Further, a complete shutdown of Tasmac or 100% prohibition in the state of Tamil Nadu also is not possible, for those addicted to alcohol might turn to spurious liquour, which could be fatal too, resulting in a huge number of deaths.

Also, its not practically possible to arrange counselling through de-addiction centers for such a large population that is dependent on alcohol.

Consequently, why not we tweak the consciousness of the alcohol addicts by exposing them to the Radio Signal of Ma Bagavathy/ Ma Durga?

Once the addiction weans off, they wont be dependent on alcohol so much, and Tasmac may also see declining sales. Declining sales might bring Tasmac to a point of diminishing return, where it is not financially feasible to continue to run Tasmac and Tasmac may die a natural death.

To prevent a small population that does not want to de-addict itself, from turning to spurious liquour, a countable few number of alcohol outlets can be opened. The inconvenience of travelling far, in comparison to the neighbourhood Tasmac outlet, may also cause a few more to withdraw from alcohol.

So, as a short term solution, the Tasmac scam can be investigated and the corrupt booked under relevant sections of law. As a long term solution, the consciousness of the people can be tweaked by applying the Radio Signal of Ma Bagavathy / Ma Durga, which will help to rein in not only alcohol addiction, but also substance/drug addiction.

Editorial

This service can also be provided as a de-addiction service to other Nations on demand too, as a commercial service.

I hereby present to you, the first independent sample of resurrection through Ma Bagavathy and Ma Durga -- His Holiness Pope Francis @Pontifex himself.

I hereby declare that we had no physical access to His Holiness Pope Francis @Pontifex & consequently, no question can be raised whether we gave him any secret medicine. Further, Pope Francis is not an Indian celebrity. Consequently, the question of self-bias is also ruled out. We are not marketing an Indian celebrity. Also we gain no advantage nor assets nor gold nor cash in lieu for resurrecting Pope Francis.

Further, the very fact that the Swiss Guard was rehearsing Pope Francis @Pontifex funeral (Ref 2) indicates that his clinical condition offered no hope of clinical recovery, and Pope Francis being one of the most influential persons in the whole world, it would be no mistake that the Swiss Guard was rehearsing Pope Francis @Pontifex funeral. Either, Pope Francis @Pontifex should have been gravely sick or already dead (neither of which can be confirmed independently) due to the highly secretive nature of the Vatican.

Editorial

Your esteemed attention is drawn to Ref 3 along with the fact that many of my ancestors from my mother's clan were killed, and no male survivors existed, except those who sold their soul to the devil and became a traitor.

I am not trying to tarnish the reputation of Christianity, coz its also the religion of one of my parents, *viz*, my father, but lets analyse. We have a religion that is supported by the vast colonial expanse of the Europeans, trying to market a man they killed, who was supposed to have resurrected from the dead on the third day, vis a vis, a clan here in India, that could resurrect any human from the dead. Isnt such a clan, a threat to the expansion of Christianity in India? All these could have been dismissed as lame stories, but when the entire file is read, along with the date and time of each communication, it can be understood that a survivor from the very clan that they destroyed had to intercede for their religious head's life to Ma Bagavathy and Ma Durga, and then Ma Bagavathy and Ma Durga resurrect their religious leader. Now, Ref 3 will give more meaning. India shall have the supremacy of the Universe, through love and sacrifice. Now, a simple question. If its possible to resurrect Pope Francis @Pontifex, then wont it be possible to heal the entire Universe through Ma Bagavathy & Ma Durga?

Im here, in the name of my mother's clan (clan name unknown, though it will be easy to find out through occult methods, coz when subject to severe harassment and threat to life, people try to escape harassment and life threat by changing identities, atleast to protect the women and the children and not all will stand like me, to be poisoned 11 times and still here serving Ma Bagavathy & Ma Durga), to help heal the entire Universe through the grace of Ma Bagavathy & Ma Durga.

I can serve only through the Govt. of India, coz only in that way, the rewards of this service will go to the entire nation, and through the Nation of India, will go to the whole world, coz I will have to connect to Ma Bagavathy and Ma Durga through my biological mother Bagavathy and the souls of her clan, and i'm not sure if it will work in any other way. Moreover, if it could have worked in any other way, I wouldn't be here writing this, and u wouldn't be here reading this.

We bear no ill-will or hatred towards those who killed us over many centuries, for it was just love and sacrifice for the sake of Ma Bagavathy & Ma Durga.

Was the ancient Egyptian Civilization also offered the same knowledge to heal the Universe, as India is offered a chance now & did they waste it away? The Battle of the Civilizations for Supremacy of the Universe & the icy/watery/sandy graves of civilizations – a tale of love & sacrifice that many couldn't comprehend at all.

In humility the following communication please.

A recent video on youtube dated 1 day ago as in Ref 2, gives some mind boggling information of vast structures towering more than 2 Eiffel Towers, beneath the pyramids, which could have been possibly energy generating or energy handling machinery. Since they are talking on current date, they are referring to the structures as subterranean structures. But, to my humble understanding, they should have been superstructures constructed above the ground surface level as on date of construction, now lying beneath sandy graves of civilizations. Coz, the royals of Egypt were almost worshipped as demi Gods. So, its natural that they will choose even their grave as higher than any other grave used to bury a normal human being. So, if we consider that the subterranean structure, was actually a superstructure built above the ground, then the pyramid will be sitting on a structure that's taller than 2 Eiffel towers, a grave befitting a king. Hence the Pharaohs could have been buried in the pyramids, then taller than the ground level by 2 Eiffel towers, and there would have been no grave higher than that of the Pharaoh's. The vanity of mankind then, which we now witness as sandy graves of civilizations.

Your esteemed attention is requested to Ref 1. Communicated to your esteemed selves on March 11, 2025, almost 14 days ago, that means, Ref 1 predates Ref 2 by almost 13 days. So, there's no possibility that Ref 1 could have been written after seeing Ref 2. As soon as I was briefing through Ref 2, it struck me that it was related to Ref 1.

International Journal of BioSciences and Technology (2025), Volume 15, Issue 1, Page(s):1-127

Editorial

With additional concentration requested by Ref 3, it now remains the choice of the Govt. of India to choose to tap the Radio Signal of Ma Bagavathy or Ma Durga, Resurrect/Heal the Universe, and leave behind a legacy that still keeps on working, even after thousands of years, talking of our attempt in Faith on Ma Bagavathy and Ma Durga, or we can also indulge in vanity like the Pharaohs of yesteryears, and build graves for ourselves, taller than the highest buildings in the World, only to be found later as subterranean structures by any archaeological expedition of the same or a different evolved smart species, after the collapse of our civilization due to climate change and other man made damages to the planet.

The Saturn transit is in and almost 120 hours away only. Let us create a very good karma for ourselves, in standing with Ma Bagavathy & Ma Durga and resurrect/heal the Universe and all human and alien Civilizations and machinery ecosystems, so that our Civilization also does not meet its icy or watery or sandy graves.

Isnt it time to evolve the Disaster Management Act 2005 & Disaster Management Amendment Act 2024 into Nature Celebration Act 2025?

<https://x.com/PrabhuBritto/status/1904599311071273053>

@AshwiniVaishnaw Bhai, @Murugan_MoS Bhai, & Officials at @MIB_India

In humility the following communication please.

It pains to behold the Union Home Minister Shri @AmitShah Bhai, concentrating on
Transparency, Responsibility, Efficiency and Synergy, aiming for a [DisasterResilientBharat](#)

How long are we going to suffer, and prepare ourselves for suffering and resilience?

When are we going to celebrate, and prepare ourselves for celebration?

It only needs political will by the Govt. of India to initiate activities on the Search and Application of the Radio Signal of Ma Bagavathy & Ma Durga for healing the Universe. If Ma Bagavathy and Ma Durga bless us abundantly, we may even complete a substantial portion of the project before this Govt. lays down office at the end of this term. If Ma Bagavathy and Ma Durga want us to persevere more, the project may extend beyond the end of term of this Govt. Ofcourse, the Govt. will know how to make provision for the project to continue, even if it extends beyond the end of this term of the Govt. It only needs a political will. Ofcourse, when the global status quo may possibly change due to healing the Universe, as huge mammoth receipts that pour in as revenues for the Govt. of India, there may be some negotiations that may need to be done with foreign nations, which may just be child's play for our beloved External Affairs Minister @DrSJaishankar Bhai.

So, we may be progressing from Disaster Resilient Bharat to Disaster earning Bharat, coz our services may be required by various nations in tackling disasters, through the Radio Signal of Ma Bagavathy and Ma Durga.

Consequently, we may evolve into a Bharat that celebrates Nature, for every aspect of Nature will either be a source of celebration for us, or a source of revenue for us.

Hence, wouldn't it be appropriate for us to draft the Nature Celebration Act 2025 instead of dwelling painfully on the Disaster Management Amendment Act 2024?

And it shall be the discretion of the Home Minister please.

The reason for suggesting the Search for the Radio Signal of Ma Bagavathy / Ma Durga to heal the Universe as a Govt. of India project and neither as a Public-Private Partnership Model nor as a Private Initiative under the patronship of any of our beloved corporate friends.

<https://x.com/PrabhuBritto/status/1904844412112560614>

Your Holiness Pope Francis @Pontifex, Your Excellencies @NarendraModi Bhai, @AmitShah Bhai, @RajnathSingh Bhai, @NSitharaman Didi, Murmu Didi @RashtrapatiBhvn @JM_Scindia Bhai, @PemmasaniOnX Bhai, Dr @NeerajMittalIAS Bhai, @AshwiniVaishnaw Bhai, @Murugan_MoS Bhai, & Officials at @MIB_India

In humility the following communication please.

It dawned on me now, as regards why the project proposal of the Search & Application of the Radio Signal of Ma Bagavathy / Ma Durga for healing the Universe has to be a Govt. of India project and neither a Public-Private partnership model nor as a Private Initiative under the patronship of any of our beloved corporate friends backed by the BJP. Hence sharing with your Excellencies please.

The PPP model has been a huge success in transforming the National Highway infrastructure in India and could be applied here too.

Further, there are a few corporate friends of ours who'd give their life for such a project and I am sure that within 72 hours, we might have had the project rolling with support from the BJP.

The reasons why I insist that it has to be a Govt of India project is,

- A connection to Ancient Energies, that provide intuitive abilities, and the respect reciprocally shown by the Universe, when that strange invocation to Ma Bagavathy and Ma Durga was made for the life & health of His Holiness Pope Francis @Pontifex especially when His personal bodyguards, *viz.*, were doing a rehearsal for his funeral (<https://x.com/AFpost/status/1892487608334180831>), implying that they have received credible internal information that Pope Francis may not survive, and they did their duty in rehearsing for his funeral, coz it will be a global event with many Heads of State and Diplomatic retinues participating, and they had to be sure of each dot and comma in the proceedings. The Vatican has its own share of connections to Ancient Energies, but this was just a divine drama, where Ma Bagavathy and Ma Durga just displayed their glory and splendour, amidst all other Ancient Energies.
- In such a case, there is an ancient Adage in Tamil that says, Shakti and Shiva have to be present together. Shakti should not be present without Shiva, and Shiva should not be present without Shakti. Also, in Tamil, the Govt. is as representative as Shiva. So, when

Editorial

the project of Tapping and Application of the Radio Signal of Ma Bagavathy and Ma Durga is done, it actually means that we are tapping and applying the Radio Signal of the Shakti herself, in which case, when it is done as a Govt. of India project, Shiva is present and Shakti is also present, and together, they reclaim the entire Universe as their own and heal the Universe coz its their own. This is a divine drama of which we have been offered a part. Though we can assume that such an incident arises, at the end of every Civilization, so far found to have been a wasted opportunity by many Civilizations, as evidenced by their icy/watery/sandy graves, still, we do not have concrete proof of it. But what is sure, is that it is a divine drama. I am not trying to ruffle feathers with my Christian brothers and sisters, but just imagine, Pope Francis @Pontifex as having been proclaimed as Resurrected, in earlier sections? A Divine comedy, I should say. Coz the only human as having been self-proclaimed by Christianity is Jesus Christ himself. Now, the way the events unfolded, Pope Francis @Pontifex also has been proclaimed as resurrected. Will they be able to rechristen Pope Francis @Pontifex as Jesus Christ II ? In which case, 2000 years of indoctrination has to be modified and it wont suit the earlier narrative, that Jesus Christ died for the sins of the world. So, I should say, that the entire Christendom would have been caught on the back foot, and they cant even react to it, coz it was the historical blunder of the Swiss Guard Funeral Rehearsal for Pope Francis that gave the allowance for everything, which cant be undone. So, they have to pretend that they have not noticed anything, and we also accept that they have not noticed anything, and life continues as amicably as ever as friends, brothers and sisters. And I should say Ma Bagavathy and Ma Durga are just enjoying scripting out the divine drama.

- Under such circumstances, the project can be only a Govt. of India project, though it may have a lot of difficulties in pursuit of it. Further, in future, when other Nations require our service in healing life or nature or the machinery ecosystem in their Nation, it will be convenient for them to request the Govt. of India for help, than attempting to arm-twist an Indian corporate to serve them, if the project is done as a PPP project or as a private initiative under a friendly Indian Corporate body. All those who hunted me were also painfully unaware of the fact that I can be arm-twisted to hand over the project, but there's no guarantee that Ma Bagavathy and Ma Durga will cooperate. So, there's no point in arm twisting anyone, but just let it flow as per the divine plan of Ma Bagavathy and Ma Durga. Ofcourse, if the political party in power in Delhi, running the Govt. of India changes, there could be less patronage for this project, but lets cross the Bridge when the Bridge comes. Why worry about it now? What if this project is a divine drama by Ma Bagavathy and Ma Durga to help continue the Govt. of India at Delhi, with the same political party for quite a long time, through this project?

Editorial

- Though there could be bureaucratic delays in scrutiny and approval of the proposal, still its best to proceed with it as a Govt. of India project. Further, the resurrection/healing of Pope Francis @Pontifex, is a very special event, that will vouch for the fact that this project should be done only as a Govt. of India project.
- This was also the reason why the proposal which was initially submitted to the Holy See, coz the Vatican is the smallest city-State in the World, and they are also a National Govt., with reference to the Holy See, though they may not be a Govt. but only a Religious Society in other parts of the world; started hitting its roadblocks, and had to be withdrawn. Ofcourse, the proposal got stuck, and due to various reasons as communicated to His Holiness Pope Francis @Pontifex, the proposal was withdrawn from the Holy See, suitable modifications were done and presented to the Govt. of India; and both the Holy See and the Govt of India are aware of everything, coz it was done transparently; coz at the end of the day, all the peoples and all the religions of the world, will be working with us in the Search and Application of the Radio Signal of Ma Bagavathy and Ma Durga in healing the Universe, and we have to maintain fraternal relations with all peoples and all religions of the world.

Ref 3: <https://x.com/PrabhuBritto/status/1904844412112560614> (dated March 26, 2025)

Your Holiness Pope Francis @Pontifex, Your Excellencies @NarendraModi Bhai, @AmitShah Bhai, @RajnathSingh Bhai, @NSitharaman Didi, Murmu Didi @RashtrapatiBhvn @JM_Scindia Bhai, @PemmasaniOnX Bhai, Dr @NeerajMittalIAS Bhai, @AshwiniVaishnav Bhai, @Murugan_MoS Bhai, & Officials at @MIB_India

In humility, the following communication please.

I was about to call it a day and retire to sleep, when I stumbled across Ref 2 in the youtube recommendations that shows up when youtube app is opened on Windows 11. Though it was quite early into the night, still, I was too tired and sleepy, for the reason that a 2 month old kitten that was fatally knocked down by a bike when it was attempting to cross the street day before yesterday, which held on to dear life unconscious for about 24 hours passed away yesterday evening, and today morning, gave it a dignified funeral. Incidentally, everytime, a kitten passes away, and I give it a dignified funeral, I do feel a lot of body pain and tiredness, and its been more than 75 kitten funerals that I've done in the past 11 years. Everytime, there'd be an overwhelming pain in the body and tiredness. Today was no exception. I hadn't switched on the laptop in the evening, so half asleep, I opened up my email inbox, found that no emails that required attention now, and before shutting down, opened youtube to hear a random song. Was scrolling through the recommendations, when I stumbled across Ref 2, and curiosity killed me. After having a scorching cup of black tea to wake up my sleepy head, also with some added sugar, I'm here writing to your Excellencies, coz its better to finish it off now, than wait for the sunrise, and spend a restless night trying to sleep. So, here I am. If there any typos or spelling mistakes, kindly forgive me. I'm not in a condition, fit to type. But, I'm aware

Editorial

that its also an altered state of consciousness, so with surrender to Ma Bagavathy and Ma Durga, I start this communication please.

Ref 1 is dated March 11 while Ref 2 and Ref 3 is dated today. I seek to draw your esteemed attention to the title and content in Ref 2, that talks of Earth being restarted several times. Now please revert to relevant sections in Ref 1 and further explanation in Ref 3, regarding civilizations being offered a chance to save the Universe, and they unable to comprehend it, went to their icy or watery or sandy graves, inclusive of the amusing 2 Eiffel tower tall graves that the Pharaohs built for themselves, as the pyramids, which are now resting on ground level and a major portion of the superstructure, sunk into the sand as subterranean structures; and that its our turn now, to attempt to heal and save the Universe, with the planet inclusive; and that we may surrender to the divine plan of Ma Bagavathy and Ma Durga, tap them as Radio Signals and heal the entirety instead of choosing to build graves for ourselves on top of skyscrapers, which may later be found in the ice or under water or under sand, by the same or any other evolved species via expeditions. While Ref 1 was drafted and communicated on March 11, I never knew that Ref 2 will come up today through an independent source.

If ur Excellencies, would spare a minute to leaf through the entire file, via link given below as Consolidated File Access, u'd be aware that there have been corroborations to my communications that spring up from independent sources at a later date. Hence Ref 2 is also one such corroboration to my earlier communication as Ref 1 and its only 70 hours almost to Saturn Transit on March 29, 10:07 pm IST.

Incidentally, Saturn transits from my 3rd house (w.r.t. my Rashi) to my 4th house. The 4th house, is the house of the Mother. Incidentally, mummy's name is Bagavathy and I never differentiated between my biological mother Bagavathy and Ma Bagavathy. So, if Saturn goes into the house of the Mother, I can also read it as Saturn goes into the house of Ma Bagavathy. Saturn, the enforcer of Justice within the confines of the home of Ma Bagavathy, will help us to serve better in surrender to Ma Bagavathy and Ma Durga.

So, lets celebrate with a song from Shakira (The official 2010 FIFA World cup song), <https://youtu.be/pRpeEdMmmQQ> with lyrics modified as *this time for India* and emphasis on an original line *Listen to ur God, this is our motto*. The song seems to have been sung for us, while we take up a very ambitious project of healing the Universe, based on the Radio Signal of Ma Bagavathy and Ma Durga.

In humility, the following communication please.

Editorial

It was good that I completed Ref 1 and communicated to your esteemed selves yesterday night itself. Mind was clear since morning, and thought of taking a break today, until a new enlightenment dawned. Well, here I am again please.

In humility, let me share it with you please.

The Industrial Revolution happened during 1760 to 1830. The first modern commercial oil well [was drilled by Edwin L. Drake in Titusville, Pennsylvania](#), in 1859 (Ref 5) And, from there, there was no looking back. Mankind in its greed, brought the planet to its current state of despair, that even Global Elites like Mr Bill Gates gives up on saving the planet. Its an irony that Mr Bill Gates who's funded almost \$ 50 billion in philanthropy to help make the world a better place gives up on saving the planet. Perhaps, it was never meant to be a human effort but primarily a divine effort.

Our sense of time arises only from the Earth's rotation about its axis in 24 hours and its revolution around the sun in 365.256 days and time is just an illusion, created by ourselves with reference to our short span of life on this planet. There can also be Science without time (Ref 8) The flow of time may just be a subjective feature of the Universe and not an objective feature, implying that the flow of time, is based on the observer only and does not quantify nor qualify any feature of the Universe, implying that an event that is happening now, could have already happened earlier. If we take the time out of these two events, then they can be classified as events that are happening in two different places (multiple places), which qualifies a quantum event.

Since Ma Bagavathy & Ma Durga are the primary quantum energy sources, then, what's happening now, should have also happened at some other place in a different time span. We are attempting to heal the planet using the Radio Signal of Ma Bagavathy & Ma Durga, primarily for the reason that the damage is heavy, and it needs a heavier energy source to heal, based on the values of love and sacrifice. The values of love and sacrifice (Ref 11) arise from the phenomenon of self-annihilation of dark matter to produce the purest form of energy, viz dark energy. Further, Ref 4, perceives this as a divine drama by Ma Bagavathy & Ma Durga. Consequently, if this proposal of ours to heal the entirety using the Radio Signal of Ma Bagavathy & Ma Durga is a quantum event, then there should have been another event, in a different time, in a different location, again talking of love and sacrifice and healing.

Let us look for clues in the events unfolding, since the start of this proposal to the Govt. of India on Jan 26, 2025 (Ref 4). We have one very strange event, as discussed in Ref 9, the claim that His Holiness Pope Francis @Pontifex has been resurrected by Ma Bagavathy & Ma Durga and the defense provided for arriving at that conclusion. The claim can be accepted, rejected or argued, but the events discussed in the claim cannot be undone in history. The events remain, irrespective of whether the claim is accepted or rejected. Now, we have one unusual situation,

International Journal of BioSciences and Technology (2025), Volume 15, Issue 1, Page(s):1-127

Editorial

and that is, Christianity should be engaging with a different set of ancient energies and Ma Bagavathy and Ma Durga are a very unique set of primordial energies, that they are the Shakti. Only when the ancient energies of Christianity and the energies of Ma Bagavathy and Ma Durga have a quantum correlation, only then, a consciousness based request to Ma Bagavathy and Ma Durga to heal His Holiness Pope Francis @Pontifex can work based on quantum correlation. Else, the energies from Ma Bagavathy and Ma Durga could not have healed Pope Francis @Pontifex due to quantum incorrelation. So what are we stumbling upon?

The only conclusion possible is that the ancient energies that Christianity derives from, is quantum correlated with Ma Bagavathy and Ma Durga, which implies that Jesus Christ, who taught love and sacrifice and sharing also should have been a part of the same quantum correlated energy source of Ma Bagavathy and Ma Durga. Stated in simple terms, Jesus Christ should have been sent by Ma Bagavathy and Ma Durga, to teach the world love and sacrifice and sharing, as a preparatory event for the actual descent of Ma Bagavathy and Ma Durga as Radio Signal to heal all of mankind, nature, all life forms, aliens and machine ecosystems and the Universe.

Behold: The media report that supports that Pope Francis @Pontifex was resurrected by Ma Bagavathy & Ma Durga.

<https://x.com/PrabhuBritto/status/1905319700806205786>

Ref 1: <https://www.msn.com/en-in/health/medical/pope-francis-doctor-says-medical-team-considered-letting-him-die-pope-francis-health-n18g/vi-AA1BDGLT?ocid=msedgdhp&pc=U531&cvid=7f8858ce5a624b689396dfbfde7b37cd&ei=15>

May please be read together with Ref 2:

<https://x.com/PrabhuBritto/status/1904024642450530696>

Your Holiness Pope Francis @Pontifex, Your Excellencies @NarendraModi Bhai, @AmitShah Bhai, @RajnathSingh Bhai, @NSitharaman Didi, Murmu Didi @RashtrapatiBhvn @JM_Scindia Bhai, @PemmasaniOnX Bhai, Dr @NeerajMittalIAS Bhai, @AshwiniVaishnaw Bhai, @Murugan_MoS Bhai, & The Secretary & Officials at @MIB_India, @FinMinIndia & @HMOIndia & The Secretaries & Officials at the @RashtrapatiBhvn

In humility, the following communication please.

The truth is out for all of us to behold. When the media report says that Pope Francis @Pontifex Medical Team debated to stop medical treatment, it means withdrawal of clinical support. Rephrased, it means that they were getting ready to bury him. And the unthinkable happened. Media reports that only Pope Francis's nurse @Pontifex wanted to continue treatment inspite of heavy risks involved, which means that, when everyone else wanted to bury him, there was one human consciousness which wanted to continue treatment; and its that human consciousness that should have been influenced by Ma Bagavathy & Ma Durga.

Lets reason out. If the Medical Team had stopped treatment, they might have embalmed his body to be able to withstand the many days of mourning prior to the funeral. Once embalmed, it becomes very difficult to bring life back to him. So, he had to receive continuous medical treatment so that embalming of his body is not done.

Consequently, in the time that medical treatment or medical support was given, the quantum energies of Ma Bagavathy and Ma Durga would have resurrected Pope Francis @Pontifex. The reasoning behind the resurrection is that when a Medical Team debates on withdrawal of Medical treatment to a patient, it means that the patient is almost dying; Maybe based on feeble biophysical parameters, which may have near zero probability of improving, the patient may have been alive, but to all other conventional terminology, the patient is dead.

Editorial

Consequently, claimed that Pope Francis @Pontifex has been resurrected by Ma Bagavathy & Ma Durga.

Its immaterial whether this claim is accepted or rejected or disputed. But the events have unfolded as such. And there is no point whether the above claim of resurrection is accepted or rejected or disputed; for the default status stands as resurrected from the dead.

In humility copy @BishopDavidT @Pontifex @AlimamAlTayeb @HumanFraternity @DalaiLama @Mahashraman @PMOIndia @HMOIndia @FinMinIndia @RashtrapatiBhvn @DoT_India @dir_ed @NIA_India @CMDBSNL @MTNLOfficial @BSNLCorporate @BSNL_TN @BSNL_CHTD @EKMBSNL

Your Holiness Pope Francis @Pontifex, Your Excellencies @NarendraModi Bhai, @AmitShah Bhai, @RajnathSingh Bhai, @NSitharaman Didi, Murmu Didi @RashtrapatiBhvn @JM_Scindia Bhai, @PemmasaniOnX Bhai, Dr @NeerajMittalIAS Bhai, @AshwiniVaishnav Bhai, @Murugan_MoS Bhai, & The Secretary & Officials at @MIB_India, @FinMinIndia & @HMOIndia & The Secretaries & Officials at the @RashtrapatiBhvn

In humility, the following communication please.

The Pope's doctor Doctor Sergio Alfieri, is reported to have stated that Feb 28, was the worst night that was also a nightmare in the period of Pope Francis @Pontifex recent hospitalization.

Incidentally, Feb 28, was also the same day (Ref 5) when we declared at 8:22 pm IST that Pope Francis @Pontifex was healed by Ma Bagavathy & Ma Durga based on invocation to Ma Bagavathy & Ma Durga done on Feb 19 (Ref 2).

Since IST is ahead of Rome time by 4:30 hours, night at Rome would have followed night in India, which implies that Pope Francis @Pontifex might have gone into health crisis after the declaration at 8:22 pm IST that Ma Bagavathy & Ma Durga have healed Pope Francis @Pontifex.

Editorial

The unflinching Faith that we have on Ma Bagavathy & Ma Durga would have caused Ma Bagavathy & Ma Durga to stand for our honor as much as we stand for the honor of Ma Bagavathy & Ma Durga; coz if the Pope died on Feb 28, it would have caused a serious question of doubt on the proposal to Search & Apply the Radio Signal of Ma Bagavathy & Ma Durga for healing all of mankind, all life forms, nature, the environment, the planet and the Universe. Consequently, the Pope shouldn't die. Even if he neared death, or died, still he had to be revived; coz the proposal to heal the Universe using the Radio Signal of Ma Bagavathy & Ma Durga cannot die a premature death. It had to start, fulfil, and give benefit to all Civilizations, all known worlds, all unknown worlds, all free worlds, all enslaved worlds, all celestial worlds, etc.

In fixing Pope Francis @Pontifex in this massive venture, there is expected two benefits. First benefit is that, Pope Francis, one of the most influential personalities of this world, will start to bear gratitude to the aforesaid effort of healing the universe. Second expected benefit is that the Abrahamic Religions will realize that the ancient energies that they are linking to are quantum correlated with the ancient energies of Ma Bagavathy & Ma Durga (Ref 9), in which case, all religions will realize themselves as a subset of Ma Bagavathy & Ma Durga & mankind will start to stand as one, irrespective of differences in the religion that they subscribe to. This unity will help the entire world to work together, absorb the benefits that Ma Bagavathy & Ma Durga bestow upon us; also further the new industry and new business processes that arise based on healing and machine optimization offered by the Radio Signal of Ma Bagavathy & Ma Durga, inclusive of quantum travel to various worlds and various dimensions, which will evolve as the Ma Bagavathy economy model under the esteemed stewardship of our beloved sister @NSitharaman Didi @FinMinIndia.

So many trillions of dollars or euros may come in as revenues. Since, I have to concentrate on enabling various aspects that arise due to the healing and optimization brought about by the Radio Signal of Ma Bagavathy and Ma Durga, and since I'm also growing old, I will have to concentrate more on technical aspects that will help to run all processes as scientific processes, that do not require my consciousness connections to Ma Bagavathy and Ma Durga, before I return to my ancestors to complete the work assigned to us in farther worlds and dimensions.

Its a huge journey ahead, and at every stage, we will have to make new laws as required, modify old laws, create new structures and processes, so that the Nation receives full benefit from the proposal to heal the Universe using the Radio Signal of Ma Bagavathy and Ma Durga.

I seek no percentage nor share of the revenues. I shall be humbled to receive a dignified Scientific position in the Nation or a dignified constitutional position.

It shall be the discretion of @PMOIndia and @HMOIndia to give me a good offer please.

International Journal of BioSciences and Technology (2025), Volume 15, Issue 1, Page(s):1-127

Editorial

If money was a desire and not a necessity for a dignified life, I could have sold myself to those who were hunting me down for many decades and lived a comfortable luxurious life all these decades.

I didn't have to suffer so long and still persevere to do good for the Nation.

I had to uphold the honor and dignity of my mothers clan and I stood for it. Instead of tweaking the narrative in favor of any other vested group or society or organization, I have given the true narrative to the Govt. of India.

I'm giving my best for the Nation, and its sufficient if the Nation gives me its best, in the form of a dignified respected life until I go back to my ancestors.

Ref 1: <https://x.com/PrabhuBritto/status/1905627603769458959>

Ref 2: <https://x.com/PrabhuBritto/status/1905181629200609298>

Your Holiness Pope Francis @Pontifex, Your Eminence Grand Imam @AlimamAlTayeb & @HumanFraternity, Your Holiness @DalaiLama, Your Holiness @MAHASHRAMAN, Your Excellencies @NarendraModi Bhai, @AmitShah Bhai, @RajnathSingh Bhai, @NSitharaman Didi, Murmu Didi @RashtrapatiBhvn @JM_Scindia Bhai, @PemmasaniOnX Bhai, Dr @NeerajMittalIAS Bhai, @AshwiniVaishnaw Bhai, @Murugan_MoS Bhai, & The Secretary & Officials at @MIB_India, @FinMinIndia & @HMOIndia & The Secretaries & Officials at the @RashtrapatiBhvn

In humility, the following communication please.

An unexpected pleasant surprising understanding while drafting the proposal to “Search & Apply the Radio Signal of Ma Bagavathy & Ma Durga in healing the Universe” is that the Abrahamic Religions may be worshipping Ancient Energies that could be quantum correlated with the Ancient Energies of Ma Bagavathy and Ma Durga. When the Ancient Energies of Ma Bagavathy and Ma Durga could be quantum correlated with the Ancient Energies worshipped by the Abrahamic Religions, then, the Ancient Energies of fraternal religions such as Buddhism and Jainism may also be quantum correlated with the Ancient Energies of Ma Bagavathy and Ma Durga, consequently leading to the premise that all religions are related to each other fraternally through Ma Bagavathy and Ma Durga.

Consequently, it will be the pleasure of @PMOIndia & @HMOIndia to seek to organize the Second Conference of World Religions in India. Of course, Swami Vivekananda may not be with us physically now, but its possible for @NarendraModi Bhai and @AmitShah Bhai to proxy for Swami Vivekananda by connecting to the consciousness fields of Swami Vivekananda through the consciousness of Ma Bagavathy and Ma Durga.

Hopefully by that time, we should have been successful in tapping the Radio Signal of Ma Bagavathy and Ma Durga. With the cooperation of religious leaders of all world religions, we can attempt to study the quantum correlation characteristics and coherence among various ancient energies with reference to the Radio Signal of Ma Bagavathy and Ma Durga.

Editorial

Once we can establish scientifically that Ma Bagavathy and Ma Durga are the primary ancient energies to which the ancient energies of all religions correlate, then it will lead to Vasudaiva Kudumbagam, and it will be our responsibility as elders in Global Family, to help bring everything to form with reference to Vasudaiva Kudumbagam.

Once the project starts running, and revenues start pouring in, we have to be prudent in utilising the revenues for the good of our Nation, with more concentration to saving the funds, and create a global monetary fund, as the Bharatiya Monetary Fund, which will help overcome the constraints in the IMF.

In the same time, we can initiate research into implantable bio-compatible nuclear fuelled satellite tracked UIDAI Aadhaar which can become the new global passport. All Nations may be pleased to issue Visa on arrival for Indian Citizens. If any monetary compensation or investment into that Nation is required of Indian Citizens for reasons of Visa, it may be effected from the Bharatiya Monetary Fund please.

In short, we will be instrumental in creating the Charter of Free Nations.

Consequently, India can negotiate with all Nations in the World for a Bharatiya United Free Nations Charter, which can be established above the UN Charter or as part of the UN Charter. The fine negotiating skills of our beloved @DrSJaishankar Bhai will be a blessing in such an attempt.

Further, India can offer Amnesty for all religious extremists and all types of terrorists, and help to integrate them into society, by giving education to them and their families, offering them jobs and financial security, so that they can lead a normal dignified life in Society.

In short, India will be pleased to create a Free World, where the ancient primary energies of Ma Bagavathy and Ma Durga will nurture as Mothers, bringing all of mankind and all life forms, into the family as Divine Nurturers.

Your Excellency @PMOIndia @NarendraModi Bhai

In humility the following communication please.

We would be humbled to welcome u @NarendraModi Bhai as Chairman of the Interministerial-Task force for the Search & Application of the Radio Signal of Ma Bagavathy & Ma Durga, for healing the Universe & as Founder Secretary General of the Bharatiya Free Nations Charter & Founder Chancellor of the Bharatiya Monetary Fund !!! Perhaps as @PMOIndia u cannot take up such a responsibility, while u are still serving as @PMOIndia. May Ma Bagavathy & Ma Durga Bless you. Incidentally today afternoon over a telephonic conversation, @SotiDr Didi was suggesting that I prepare myself to handle the hurdles and the obstacles that will arise during implementation of the Search & Application of the Radio Signal of Ma Bagavathi and Ma Durga for healing the Universe. Disagreed with her politely that that's the reason why I suggested that we have an interministerial task force comprising of Senior Secretaries of the Govt. of India, and I will restrict myself as Principal Investigator, coz I don't want too much headache. I'll opt for a Scientist position, or a Constitutional position as gifted by @PMOIndia & @HMOIndia and live the rest of my life in peace. Let the elders bear the responsibility. She said no. What if the @PMOIndia wants u to shoulder the responsibility? I replied that I'll go and trouble Ma Bagavathy only to handle things then. @SotiDr didi told that in that case, no need to worry. The Mothers will know how much the child needs help and She herself will handle things appropriately. Incidentally, when I read Ref 1, I was reminded of Ref 3 and it was so

Editorial

amusing that I had to share it with u please. Ma Bagavathy should have handled the concern even before it arose. If u @NarendraModi Bhai would be Chairman of the Interministerial-Task force for the Search & Application of the Radio Signal of Ma Bagavathy & Ma Durga, for healing the Universe & as Founder Secretary General of the Bharatiya Free Nations Charter & Founder Chancellor of the Bharatiya Monetary Fund, I can concern myself happily with only the Technical & Scientific concerns as Principal Investigator and the rest of all engagements with multiple National Governments in the World and State Govts in India can be handled with ease by you.

Requesting @FinMinIndia to pls estimate actual returns, coz projections have been done modest so as not to encroach upon policy making discretion of Govt. of India. Only the basics have been projected modestly in the proposal, while actual returns may be quite higher.

Your Holiness Pope Francis @Pontifex, Your Eminence Grand Imam @AlimamAlTayeb & @HumanFraternity, Your Holiness @DalaiLama, Your Holiness @MAHASHRAMAN, Your Excellencies @NarendraModi Bhai, @AmitShah Bhai, @RajnathSingh Bhai, @NSitharaman Didi, Murmu Didi @RashtrapatiBhvn @JM_Scindia Bhai, @PemmasaniOnX Bhai, Dr @NeerajMittalIAS Bhai, @AshwiniVaishnav Bhai, @Murugan_MoS Bhai, & The Secretary & Officials at @MIB_India, @FinMinIndia, @DOT_India & @HMOIndia & The Secretaries & Officials at the @RashtrapatiBhvn

In humility the following communication please.

The proposal to Search & Apply the Radio Signal of Ma Bagavathy & Ma Durga for healing all of mankind, all life forms, Nature, Environment, LiveStock, Wildlife, Aliens & Machine Ecosystem optimization and the Universe has come a long way, also touching upon the Convergence of Religions, wherein the Ancient Energies of all religions in the World may be quantum correlated with the Ancient Energies of Ma Bagavathy & Ma Durga, in which case, all religions of the world converge into Ma Bagavathy & Ma Durga.

We have not been discussing in private or in secret, but its been a public transparent discourse, aimed at peace, love, unity and fraternity.

Editorial

The first results are already starting to show as in Ref 2. When the Catholic Bishops Conference of Kerala is on board in agreement with the Govt. of India, it leaves very less space for manoeuvrability by other Christian Denominations and may also bring the Islamic Brotherhood also in agreement via @HumanFraternity and everyone may support the Bill in Parliament and also help in smooth implementation of the same. This cooperation that's budding, may also find footprints in various other societal & governmental interactions, creating a new fraternal unity that helps enhance efficiency in various economic processes too, reducing costs and increasing returns/profits.

Also, the need to create a narrative or create a social concern or to create a drama to maximise benefit out of it will also retreat to the back. No narratives nor social concerns nor dramas will be created new. Old narratives will die of their own. Sabotages and conspiracies and honey traps will slowly fade away & become a thing of the past. All processes will start yielding returns at higher efficiency for reasons that when the Ancient Energies that they worship are quantum correlated with the Ancient Energies of Ma Bagavathy & Ma Durga, then, the feeling of oneness will start percolating vertically and horizontally & will start yielding magical results that independent India never could have seen earlier.

People of all religions will start worshipping at the Ma Bagavathy & Ma Durga Temples and various other Devi Temples in India and around the world. Lot many temples will start receiving heavy donations as the Sri Venkateswara Swami Temple at Tirupati India. It will be the discretion of the Govt. of India to use donations received at the various temples for the common good.

All of these returns/revenues will be above that received through the healing charges accruing through the Healing via the Radio Signal of Ma Bagavathy & Ma Durga. So, a consolidated estimate may please be done by @FinMinIndia. So far, the proposal has only projected the technological and societal impact of the project to tap & apply the Radio Signal of Ma Bagavathy & Ma Durga, but has been quite modest in projecting revenues, or suggesting new avenues as the Bharatiya Free Nations Charter or the Bharatiya Monetary Fund; for reasons that the proposal should not encroach upon the policy framing freedom of the Govt.

It shall always be the discretion of the Govt. of India, whether to use a substantial amount of direct and indirect returns from the project, to develop the Chinese Economy or the Russian Economy or the Ukrainian economy or the African Union Economy or the EU Economy or the Economy of the USA or as a grand gesture, develop the Economy of the Entire World.

The impact may be quite huge. Hence, it was communicated to His Excellency @PMOIndia Shri @NarendraModi Bhai via Ref 3 that we shall be humbled to welcome him as Chairman of the Interministerial Task force for the Search & Application of the Radio Signal of Ma Bagavathy or Ma Durga in healing the Universe and as Founder Secretary General of the Bharatiya Free

United Nations
Educational, Scientific and
Cultural Organization

Editorial

Nations Charter, which can be built on consensus with all Nations in the World, as that above the United Nations Charter or as part of the United Nations Charter, as the case may be, and as Founder Chancellor of the Bharatiya Monetary Fund.

Hence Requesting @FinMinIndia to pls estimate actual returns, coz projections have been done modest so as not to encroach upon policy making discretion of Govt. of India. Only the basics have been projected modestly in the proposal, while actual returns may be quite higher.
